Thom Beers and Philip D. Segal, Executive Producers of hit series like “Ax Men” and “Deadliest Catch” released “Are you tougher than a Boy Scout?” as a Spring 2013 debut on National Geographic Channel. In the spirit of this new show, Jersey Shore Boy Scout Council are hosting a Challenge for Rotary Clubs in District 7500 and 7640.

Those who have been involved with the Boy Scouts of America know how tough Scouts can be. They master hundreds of unique skills, learn what it takes to survive in a variety of circumstances, and focus on teamwork to accomplish goals that otherwise would be insurmountable. Each club will compete in 4-5 activities. Activities may include Shotgun shooting, Archery, Team Obstacles, Boating, Survival skills, fire building and biking.

There is no cost for this event; Jersey Shore Council will be thanking the many clubs that support our operations and camp. At least 4 members per team however Clubs are encouraged to bring as many members as possible and use the event to invite potential new members. Everyone will be able to participate as some challenges are nonphysical and open to the entire team to contribute.
