<b>Total Membership Merit Points</b>		<u><b>275</b></u>

What was the most successful membership campaign completed? Why should your club be recognized as a Club of Excellence in Membership? (Describe in 200 words or less)

We meet regularly to discuss ways to enhance the attractiveness of our club to area residents. The Club President, President-elect, and Membership Chair are actively involved. We seek members through our community activities and at periodic mixers held at various times of day. We attend Kapolei Chamber of Commerce Workshops and Pau Hana events to meet community members. The Membership Chair has an ongoing program in which he pays the one-time fee for new members, while the member pays all dues. In return, we get their active participation in projects and in leadership roles. Most of our new members have already become club officers and committee members. They are also generous Foundation supporters.

As part of the on-boarding process, the Club President and Membership Chair meet with the prospective member over coffee to give them a thorough picture of our active club. We very much want all to find their place in Rotary and once they become Rotarians, we want them to stay. Therefore, if we find that even with our flexibility, our schedule does not meet their needs, we work to get them into another nearby Rotary Club.

What was the most successful membership campaign completed? Why should your club be recognized as a Club of Excellence in Membership? (Describe in 200 words or less)

A healthy club is a club that is growing and changing. Growth in membership is necessary to allow RCMS to identify and schedule community service projects, in line with RI's 7 areas of focus. Change is also necessary. Too often the senior core members will reiterate, "that's how it was done in the past". We need to change our thinking, and recruit younger members with "Millennial" mind sets.

Interviews and orientations with a 2-person team was key to recognizing quality perspective members. Sharing Rotary with a club-made binder, assisted in the educational process.

RCMS started the Rotary year with 15 members; interviewed and inducted 6 new members. However, our net gain was 4, due to a member relocating to the mainland, and another entering the workforce. RCMS will end the year with 19 members, a 27% increase, year over year. In addition, 5 of 6 new members, are under 50, and 3 are Millennial (born after 1981)!

We are encouraged that the younger Rotarians will influence younger prospects to join Rotary. Our goal is to recruit Millennial-aged Rotarians with technology knowledge, enhancing our opportunity to become a vibrant club, once again.

What was the most successful membership campaign completed? Why should your club be recognized as a Club of Excellence in Membership? (Describe in 200 words or less)

One of the successful membership campaigns completed was a joint Bowling fundraising/membership drive event with the other West Oahu Rotary Clubs in September 2023. All clubs highlighted a specific cause they were raising funds for, while informing guests about the importance of Rotary and how their club supports the Rotary mission in their specific community. By inviting people who both work and/or reside in West Oahu, they got the opportunity to learn more about the needs in their communities and ways they can support. Guests also learned about the different days and times the different Rotary Clubs meet so that they can choose one club that better fits their schedule. Overall, the event showed that all clubs worked together to support each other in membership and fellowship. The Rotary club members also shared various responsibilities during the event to make it a successful one, showing all guests that there is something for everyone to do. People of all ages or interest have the opportunity to feel included in Rotary's work while having FUN!
