Please note that the above visuals, apart from the generic design, are only guidelines/examples.

Roller Banner Unit
(2050mm x 845mm)

R1182 each

Customized Artwork:

- Customized artwork will be charged for in addition to the price of R1 182,00 per unit.
- The downloading of images and design of customized artwork will be quoted upfront for your approval. All quotes will be based on design work by the hour.
- In order to issue an accurate quote a rough sketch and brief will be required by you.
- Images that need to be incorporated into the design must be supplied with a layout and brief.
- Electronic files issued need to be of good quality and of a high enough resolution for scaling to final size.
- If you require stock images you can use www.123rf.com. Select your required image for use, forward to us and we will select the required size and download on your behalf.
- Random images copied off the internet cannot be used. These images are protected and are of low resolution. These images are not suitable for printing purposes.
- All customized artwork done and charged for will be supplied to you electronically for your own records and future use. If you prefer to use alternative designers to assist you, we will forward you a template for artwork requirements.
