The Mock United Nations Assembly allows senior high school students develop an awareness of the United Nations and the countries they represent at a simulated UN Assembly. The event provides an excellent forum for students to develop and practice their public speaking skills whilst debating on topical world issues.

The role of the co-ordinator/chair of this program is initially, to encourage student and club participation, but over time the intention is to develop a District event that then sends delegates to the National Mock United Nations Assembly in Canberra. This District based program could work closely with the United Nations Youth Association.

- **\*Rotary Adventure in Citizenship**

Rotary Adventure in Citizenship (RAIC) is an intensive and fun filled weeklong program to help prepare young adults for full participation as citizens of Australia.

Each year around 35 Year 11 students (the delegates) are sent by their local Rotary clubs to Canberra. They are taken out of their comfort zones into new places, set amongst new faces and asked to do new things.

The role of the co-ordinator/chair of this program is to encourage student and club participation. This is an externally run program.

- **\*\*Rotary Youth Leadership Extension Advanced Program**

The Rotary Youth Leadership Extension Advanced Program (RYLEAP) is an extension program following on from where the RYLA camp ended. This is an intensive program for people serious about learning cutting edge leadership skills. With fewer participants, a much deeper level of information can be taught.

Using technologies such as NLP (Neurolinguistic Programming) participants will walk away with a heightened sense of self-empowerment and a clear pathway to achieve their goals including a 3 month mapped out action plan. They will be provided with the tools to help express themselves with confidence and passion and inspire others. Leading groups and mentoring individuals will also be covered.

The committee would develop content for this program and co-ordinate the logistics.

- **\*\*Rotary Youth Program of Support**

This program is targeted towards disadvantaged young people (15-18 years of age) to develop skills enabling them to be able to live independently. These may be children in guardianship or disadvantaged backgrounds.

The committee would co-ordinate the logistics, develop partnerships with other organisations, and liaise with clubs in relation to participation and sponsorship.

\*- New engagement in this program which is currently run in Canberra

\*\* - New programs to be developed
