

MELVINA NEWMAN
DIRECTOR OF WEBSITE/IT

The website is a tool for each member to review and learn more about Cosmopolitan. Have you checked the website recently?

The website contains a lot of resources that you are able to use in your local clubs with new information available on a regular basis. Did you miss a monthly newsletter? You are able to catch up on the news by checking in on the website for all the newsletters for the year. Do you want to know what another Federation is doing – you can check out the Federation information and learn what is happening in other areas.

Do you need forms – again go to the website and find information. There are a lot of items available under the “Resources” tab for information that is helpful to all clubs and Federations.

When you go to the website, you will find a guide at the top of the front page to guide you to the specific area of information you would like to see. Resources that I mentioned above is the tab that has the most information but you will also find a tab for “History” that can be used for new member information about our organization; there is a tab for “Projects” which includes information on our current International Project; how about shopping – yes there is a “Shop” tab where you are able to order apparel with Cosmo logo, Gear and name badges; or want to learn more about the Foundations, yes there is also a “Foundation” tab. We would love to see more members utilize the website so sign in and learn more about your organization.

The website is always adding new information so check back often!

If you have any questions or need to know where to find it, we are always available to help navigate you through the website.
