

# Registration Deadline is October 17, 2017 to Receive T-Shirt

I know that a walk, regardless of the distance, is a potentially hazardous activity. I should not enter and participate unless I and my team are medically able and properly trained. I abide by any decision of a Movin' for Memory walk official relative to my ability to safely participate in this walk and I further agree that walk officials may authorize necessary emergency treatment for me. I also understand that police protection will not be provided, and both vehicle traffic and spectators will be present along the route and I assume the risk of walking under such conditions. I further assume any and all other risks associated with participating in the Movin' for Memory walk (hereinafter "the event") including, but not limited to, illness, traveling to and from the event, falls, contact with spectators or other participants, the effects of the weather (including temperature extremes and humidity) and the surface condition of the roads, all such risks being known and appreciated by me. Having read this waiver and knowing these facts, and in consideration of the acceptance of my entry, I hereby for myself, my heirs, my executors, administrators or anyone else who might claim on my behalf, covenant not to sue, and waive, release and discharge Dementia Connection of Havasu, Movin' for Memory walk, the City of Lake Havasu City, State of Arizona, County of Mohave, officers, directors, employees of the aforementioned, walk officials, volunteers and any and all other sponsors, suppliers, agents, independent contractors, employees and any other personnel in any way assisting or connected with this event from any and all claims or liability of any kind or nature whatsoever arising out of my participation in this event, even though that liability may arise out of negligence or carelessness on the part of the persons or parties named in this waiver. I consent and agree to any and all medical treatment the event coordinators and/or their agents may provide on my behalf in the event I am incapacitated and/or in any way unable to arrange or consent to my own medical care at the time of illness or injury. I will assume and pay for my own medical and emergency expenses in the event of an accident, illness or other incapacity, and I am physically able and sufficiently trained to participate in this event. I grant permission that photographs, motion pictures, recordings or other depictions of this event in which I may appear may be used for any legitimate purpose.

## Movin' for Memory

Presented by  
Dementia Connection of Havasu

When people think about staying fit, they generally think from the neck down. But the health of your brain plays a critical role in almost everything you do: thinking, feeling, remembering, working, playing and even sleeping.

The good news is that emerging evidence suggests there are steps you can take to help keep your brain healthier as you age. These steps might also reduce your risk of Alzheimer's disease or other Dementias. Research shows that people who are regularly engaged in social interaction and consistent exercise maintain their brain vitality and have a higher level of cognitive function.

Join us as we bring attention and raise awareness to how important it is to not only exercise your brain, but your body as well and we'll have fun doing it!
