**Cynthia Reed, MD**

*Movement Disorder Neurologist  
Tucson, AZ*

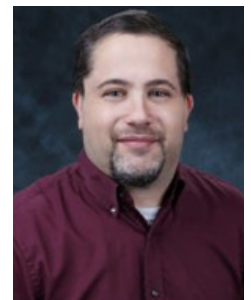

**Eric Farbman, MD**

*Movement Disorder Neurologist  
Las Vegas, NV*

**Cynthia Reed, MD**, neurologist and movement disorders specialist in Tucson, AZ, specializes in improving the quality of life for patients with PD. She is an active member of the International Parkinson and Movement Disorder Society. Dr. Reed earned her medical degree from the University of Arizona College of Medicine, followed by a residency in neurology at Barrow Neurological Institute in Phoenix, and finally, a two-year fellowship in clinical movement disorders and deep brain stimulation at the Muhammad Ali Parkinson Center and Movement Disorders Clinic in Phoenix.

**Eric Farbman, MD** is a board certified neurologist and movement disorder specialist in Las Vegas, Nevada. He received his medical degree from Rutgers New Jersey Medical School and has been in practice for more than 20 years. Dr. Farbman has published many articles on the treatment of Parkinson disease and is a compassionate physician able to meet his patients where they are at in the disease process. Dr. Farbman is an Associate Professor of Internal Medicine with Roseman University's College of Medicine and a practicing physician with Roseman Medical Group.
