Olympia, Washington
August 2011

Commodore's Report

Greetings OYC members. Welcome to summer??? Would someone tell me when we get summer for more than a couple days?

I am proud and honored to represent you this year as your Commodore. I look forward to a busy and fun year participating in activities with you and with the Grand 14. I will have 14 formal balls to attend with them. You realize that I have to sacrifice huge and wear

shoes at least 14 times not counting all the other events, but I can do this!!

The first event that I have attended on behalf of OYC is the Lakefair celebration. I was present for the Queens coronation and had the honor of being escorted by the Commander of the USS Olympia. Brian and I along with PC Carol and Chuck attended the Presidents dinner and Brian and I represented the club in the Grand Twilight parade riding in a 1972 Mercedes convertible. We had a great time in all of these events.

The Bridge is busy planning a year full of fun cruises, balls and parties for your enjoyment. I hope to see many of you attend these events. Watch the beachcomber and web site for updates. Check out our new web site. The commodore has a page on there where I will regularly update. The site is still evolving and will continue to grow in information. Eventually we plan to have the beachcomber be mostly totally online with very few issues being mailed in an effort to curb the cost of mail. Thanks to Penny Cory and Gary Wilson for heading this up.

The Bridge has hosted its first Dock party in June and the 4th of July cruise both of which were well attended and fun. For those

of you who missed it the 4th, we had a dunk tank to raise extra funds to purchase more fireworks for the display. Of course, guess who was first up after the kids to be splashed?? ME of course. What a hoot. I would have preferred warmer weather though. Thanks to PC Tony Re and PC Georgia Rae Martin for being such good sports and getting wet with me. A big thanks to John Setterstrom for donating most of the fireworks. The next dock party will have passed by the time you get this. The meal is pulled pork sandwiches, salads and dessert. The last event this month is the Commodores cruise to IH. This will be a dock party, laid back, relaxed weekend with no organized games or events. Saturday dinner of burgers and dogs etc, and a Sunday breakfast. Plan to attend and call the reservation line. Flyers will be posted.

The Bridge will be attending the Officers cruise in for the G-14 in August to welcome the new RearCommodores into the fold. It is always a lot of fun. New and old members consider going through the chairs. Talk to any of us who have done it and find it a fun and rewarding experience, from the events to the friendships you will have that last a lifetime. It is not too early to start thinking about it. The year passes quickly.

I look forward to seeing you out on the water or on the docks. Pray for sun.

Commodore Leslie Thompson
EsctaSea

Winners of the OYC 2010 - 2011 Commodore awards were:

Woman of the Year, Deb Waldherr
Powerboat Family of the Year, Lee and Loleta Rosen
Powerboat Members of the Year, Bobby and Carol Brown
Sailboat Family of the Year, Rick Antles and Susie Zuelke,
Sailboat Member of the Year, Myra Downing.

The Commodores Special Recognition Awards:

Jim Lengenfelder
Skip Strait.

VICE COMMODORE'S REPORT

Vice Commodore Mike Contris

Vonnie and I hope that you've had a wonderful summer, even with the very curious weather. At least we had nice weather for RC Jeff's 4th of July cruise: great games, excellent food and incredible (and incredibly loud) fireworks. Well done, Jeff and Debra!!!

As I write this Vonnie and I are preparing to

attend the Grand 14 Officer's Cruise-in at the Bremerton Yacht Club. This is where our newly inducted Rear Commodore, Jeff Pape, and his First Mate Debra, will be introduced to the other Rears of the Grand 14 yacht clubs. They'll arrive at BYC on Friday, meet their counterparts that evening and begin their bonding by choosing a mascot, class colors and preparing a class song, plus picking a class spokesperson, secretary and treasurer. These folks will then help run the class business meetings, take notes and collect monies from the class members for their various class items and for the year's Junior Officer balls. The VCs and Commodores come in on Saturday from Port Orchard YC, where they've prepared gifts to welcome the new bridge officers. The senior bridge members are tied up in two separate groups, with the help of the Rears. And then that night there's an even bigger get-together where the new officers are introduced to the rest of the G14 bridges and all three groups are expected to perform their class songs. The next morning, after breakfast, everyone takes off, but are already planning and preparing for the first JO ball of the year, including what costumes to wear. The adventure has begun!

I'm happy to report that the club has bought a large paver in the new Rotary Point park on West Bay Drive. It's located about half way out the main walk and looks like this:

Sorry about the zero-turn lawn mower tire marks, but otherwise it came out very nice. I hope you'll take a moment to stop by the park and find it, plus enjoy the park and its views.

And a personal observation on being on the bridge: Vonnie and I have been members for more than 20 years, but I didn't fully appreciate our club until we started thru the chairs: I've come to realize that the greatest single asset of our club is our members, who are drawn together thru the cruises, balls, bridge barbeques and so on. I see now how many opportunities I've missed over the years to enjoy our friends in the club by not attending the various balls and parties (mostly because Vonnie will insist that I dance). I've come to see our social programs as amongst the most important activities in our club; they are where we come together to become so much more than just a bunch of folks who share a marina.

And, as always, I'm here to help.

Mike Contris

Olympia Yacht Club Website

We have a "new" club management program to help coordinate information for yacht club members. You are encouraged to log onto olympiayachtclub.org and see for yourself. Penny Corey is heading up this improvement, but you have to participate.

First, get your logon name and password. Penny has this information upon request.

This is an "under construction" endeavor, but you can see and/or download the events calendar for the club. Or you can see and download the club director. Using an app, you can see the director on your cell phone. The Board meeting minutes through June are available as are the latest issues of the Beachcomber.

One thing you need to do is maintain your profile. Add a beautiful picture, verify, change or update your profile information.

Eventually, this will be your news source.

Club Functions & Dinner - 360 705-3767

REAR COMMODORE'S REPORT

Jeff Pape
 360 402-2239

It is Saturday, it is raining, and Papas' Dream is on the hard waiting for me to sand and paint the bottom. I should have known better than to do this on Lake Fair weekend. Oh well, tomorrows forecast will let me finish and get her back in the water. Our slightly damp and cool summer continues.

Our first function as Rear Commodore was the July 4th Cruise to Island Home. Luck was with us and the weather was good. We had 29 boats and about 90 people who enjoyed the "old fashion" 4th. Dunking the Commodore in the dunk tank was popular and the kids seemed to all have fun. We had an awesome crew which always makes

organizing and running functions easier.

Debra and I will be cruising the first week of August with some fellow OYC friends then we have the Bremerton Cruise in where we meet our Rear classmates toward the end of august. Our Bridge adventure has begun and we are looking forward to it. September will be busy with Labor Day cruise, Foofaraw, then our first Junior Officer Ball.

Enjoy the summer, even if we are a bit damp.

Thanks to all for electing us. We will try to come through with some interesting cruises.

Our first cruise is the Oktoberfest - in September of course! That would be the weekend of the 23-25th. It will be at Tacoma Dock Street marina. Nearby attractions include the Glass museum where you can watch the glass workers in the hot room, the Tacoma Art museum, and the Tacoma Historical museum. Restaurants abound in the area including

Thai, brew pub, Swiss, and many more. We will have a beer tasting event, a German-styled dinner, and breakfast included.

Sign up in the clubhouse so we can count mouths to be fed and also call the marina ((253) 272-4352) to reserve your spot. You can also drive up if you wish, but, again, let us know if you are participating.

We can still use some helpers on the cruise committee. It is a great way to meet people and a fun way to get your CSP hours. Since these are OYC cruises, not power boat cruises, we would like to encourage sailors to participate on the committee and come to the cruises.

Camp Turns Land Lubbers into Sailing

LEARNING THE ROPES: Groups team up to teach kids the basics of sailing, and perhaps spark a lifetime passion

If you missed this front page article in the July 25, 2011 Olympian, go to

<http://www.theolympian.com/2011/07/25/1736761/camp-turns-land-lubbers-into-sailing.html>

This are the kids learning to sail in the Juniors Program at OYC. Jan Vissor is the program director. Great story. Good PR for Olympia Yacht Club.

Board of Trustees Report

Walt Schefter, Chair

360-402-2239

The Board of Trustees has begun the permitting process to repair the pilings under the caretaker's home. We have also initiated the scope of work summary on the pilings needing repair and replacement in the basin as a whole. This document, once prepared, is used to submit the project for permitting and bids.

We have addressed the issue of budgeting for the Club and now have rules in place to add certainty to the budget and spending process. So long as we are collecting funds from the members we are also insuring those funds are used responsibly.

The Shed permitting process is rapidly coming to a conclusion. It is anticipated the actual construction can begin as early as late fall of this year. That construction has not yet been authorized by the Board but the issue will be on the Board agenda yet this year.

The permitting for the dredge of the main basin is proceeding with an anticipated issuance date in mid 2012. As of this date the process has not gone far enough to learn of conditions or difficulties that impact the cost. Those will come, if at all, later in the process.

If you wish to be heard on these issues and others, please attend a Board meeting where you will have an opportunity to participate. Board meetings are always the second Wednesday of the month at 6:00 p.m. It is your yacht club and you need to step forward to take part in the decisions that affect you.

Finally, this is the time of year that committees are formed and members for committees are solicited. I urge you to become involved and join a committee, whether social or governance or work. If you are interested please approach any Board or Bridge member at any time to talk about your interests.

Thank you.

Main Station Report

Bruce Thompson, Chair
oycmainstationchair@gmail.com

Hello to all OYC Members. Since being relocated to Spokane this past April, I have been running two separate lives. One being OYC MainStation Chairman, taking care of our boat the Independence and trying to help Tasha keep up with our home in Olympia. Secondly, moving to Spokane with a few days notice, attending the State DOC Academy and Graduating and working at Airway Heights Correctional Center and in our spare time having a relationship with my BETTER half Tasha. Between the driving back and forth across our state and all my responsibilities Tasha and I have come to realize that I can't keep up the pace any longer The Olympia Yacht Club needs a very dedicated member to accomplish the tasks that need to be done in a timely, professional manner These past 3 years, Tasha and I have set our social lives on hold and put our Great Club first on our list of priorities. The past 3 years I have had the honor of having a group of OYC members that really want our Club to be around for another 100 years. We have accomplished a lot as a club and all can be proud of our past and our promising future. I would like to say THANK YOU to all that have been involved in the Club House Spring Cleaning, MainStation Grounds Spring Cleaning and the Club House Galley Cleaning. I truly hope that they continue every year as they were a much needed yearly event. Special thanks to Mr. Mike Owens. I cannot thank you enough for the help you have been to OYC. Thanks to all the Members that have jumped in without hesitation when needed. I really felt that our past needs to be seen and remembered by not only new members but all that have come before us. Lastly, thanks so much to my 1st Mate Tasha for all the times that I ran down to the Club in all hours of the night to tend issues and concerns.

Mr Mike Auderer has been a MainStation Committee member this past year and has been a great asset as well as having a sincere passion for our club's future. Please welcome Mike as OYC MainStation Chairman. As always, it has been a honor to have been the OYC MainStation Chairman.

Bruce Thompson M/V INDEPENDENCE.

Nervous first timer to skipper.
"Do yachts like this sink very often?"
"No, usually it's only once!"

Island Home Report

P/C George Smith, Chair
360-704-8383

Check out the new wood swing! Next time you are at the Island be sure to check out the new swing that was built by Jim & Ruth Cullins. They have done a wonderful job of building us a new swing to replace the old swing which was rotten and had become a danger to use. Thank you Jim & Ruth for a beautiful new swing!

All four mooring buoys are now all white. When entering the Island basin please be sure to monitor your depth finder.

Please keep in mind when asking or talking to our caretakers, Jerry & Pam White, about games, club items or galley equipment, to be respectful and civil. The Whites are ready and willing to help or answer any questions you may have but they are not our personal servants and should be treated with respect.

The Island Home committee has been very busy this past year. Some of the projects completed and ongoing are: oyster farming, roofing the storage shed, building a storage room in the shop, replacing the fence behind the clubhouse and all around general maintenance. I would like to thank the following committee members: Tom & Laura Skillings, Larry Kirchoff, Gary Gronley, Gary Ball, Eng Ellis, Earl Hughes, PC Matt Mills, Dan Martin, John Setterstrom, Mike Minton, Steve Parrott and our BOT Liaison, Bill Thomas. What a great group of volunteers! Thank you for making my job easy!

See you on the docks or the water!

Club House News

Clubhouse Committee

I can't say enough about the extraordinary team that showed up to paint the clubhouse. Come to the September dinner meeting to see the new look. A huge thanks to Mike and Becky Minton, Bob and Penny Cory, Andy Paris, George Baker, Jeff Carpenter, Pam Panowicz, Matt Herinckx, Deb Waldherr, Catherine Schefter, Rich and Diane Hurst, Dorrie Carr, Bob Wolfe, Bob Van Schoorl and Mike Auderer. And, of course, the help of George Whittaker is invaluable in a project of this size. Thank you, George. The painting is complete and the new carpet is in place. Special thanks again to the Clubhouse Committee and the work crew for your commitment to improving our Mainstation.

Dennis Gray, Chair

Main Station Caretaker Report

George Whittaker

oyccaretaker@gmail.com

It has been two months since our last Beachcomber. Hope you all are enjoying the summer so far. We did have a few days of summer weather. Things are going along fairly well at OYC. No major disasters or incidents to report. Thanks to everyone for helping to prevent oil and fuel spills, we haven't had any problems to report.

Right now, Lakefair is in progress and OYC is holding the Lakefair Coronation reception in the Clubhouse. I am glad to see OYC involved with our community. We should strive to be an asset to our local area; the more involved we are the brighter our future in our current location will be.

As many know, Bruce Thompson, MS Chair has had to relocate to Spokane due to his job change with the State. Mike Auderer, Olympia Construction filled in for Bruce in his absence. I am impressed with Mike; he has the best interest of the club at heart just like Bruce does. He will be a good successor to Bruce and will continue on with the betterment of our club. If you haven't met Mike yet, please introduce yourself to him. If you need to contact Mike call 360 451-3191 or email him at Mike@OlyConstruction.com.

Now on to official business! My first concern is parking. I have not had to have any vehicles towed. I stated my intended procedure in the last article. Here it is again, if there is a vehicle parked in our lot without a parking sticker, IT WILL GET TOWED!! Before towing any vehicle, I will check the parking registration log and enlist the assistance of an OYC Member to verify there is no sticker on the vehicle. I have had some members bring vehicles to my attention that they said had no sticker. Upon investigation myself, I found a sticker. Usually, they are inside stickers that are not visible through the tinted/dirty window. Here is a test I would suggest you try when parking. Is your parking sticker visible from the center of the parking lot while walking between parking areas. If you have to walk up to and wipe off dirt or shield your window from glare to see your sticker, it will increase the chance of being missed and possibly towed. And yes, there are several vehicles that have this exact situation. I can even see stickers on the front window through the rear window on most cars. Remember you know where your sticker is, I don't. Look at some other vehicles in the lot and you will get an impression of what is visible and what is not clearly visible. If you have to park a vehicle without a sticker either sign it in on the Guest sheet or if on the weekend leave a note on my caretaker note sheet at my office with a contact number, license and vehicle information. I do not want to tow any members or guests vehicles, but the rules need to be followed and other members will bring the parking issue to my attention if they can't find ample parking available.

On to dock safety and condition. We did have an incident where a member took a short swim in the water, he stepped across one of the member installed dinghy docks and the dock gave way. I have inspected the 100 and 200 docks and several dinghy docks are in need of repair. Please check all member added additions to the docks and insure that they are safe and secure. Also, keep all gas cans off the dock; put them in your boat, boathouse or dinghy. This is also a fire code issue as pointed out by the Olympia Fire Dept. on one of their inspections.

As to dock condition, I know that most of the decking is loose. When it rains the boards swell and tighten up. A good day of sun and it's a different story. I have had a couple Members offer to assist for CSP work and they have added screws to the 500 and 600 dock. Thanks, Bill McClure and Skip Sloan. I am in the process of tightening all the dock decking; there is a lot of dock and many other projects I am in the middle of. This is where CSP hours are valuable and needed.

If you notice an issue or concern, please take the time to write me a note on the Caretaker pad located at my office or email me ASAP.

As to CSP hours available, there is always something that needs done. Unfortunately, most jobs are outside in the weather and somewhat physical in nature. Pilings need cleaned at the minus tides', landscaping needs done, dock decking needs tightened. All the fun stuff! I don't have any really easy jobs available, Sorry!

Finally, I would like to thank Carol, Chuck and Macy, they have made Diane and I feel like family. Congratulations to our new Bridge, Leslie you have a tough act to follow.

This is turning into a short novel rather than an article. The parking issue is heavy on my mind and that is why I spent so much time talking about it. I want to thank all those that have assisted with CSP hours around the Mainstation. So I am ending this before I BLAHH! BLAHH! Too much more. Again, if you need to contact me please call 360 280-5757, leave a note on my caretaker pad at the office or email me at oyccaretaker@gmail.com.

Maybe we will get more sun in August, keep praying and smiling!!

George

The History Corner

By Lisa Mighetto

How much do you know about the OYC and its past? Take this fun quiz and find out! Answers appear below.

1. What is "Foofaraw?"

Anchorettes News

The next meeting of the Anchorettes will be held September 21, 6:00 pm, at the Main Station at which time the new officers will be installed for the 2011/2012 year. Incoming officers will be Catherine Schefter, President; Dorrie Carr, Vice President; Sue Wise, Secretary; and Phyllis DeTray, Treasurer. Kim Shann and Phyllis DeTray will be installed as WIC Representative and Alternate, respectively.

Watch for the opportunity to purchase raffle tickets for a new quilt being crafted by Catherine Schefter, Dorrie Carr and Phyllis DeTray! Tickets will be sold until the drawing at the November dinner meeting.

Have a wonderful summer on the water!!

Olympia Yacht Club Information For Use of Olympia Country and Golf Club

DINING INFORMATION: Olympia Yacht Club members are invited to eat at all OCGC dining facilities. A list of the hours of operation has been provided below. OYC members pay the prices listed on the menu. An automatic 15% gratuity is added to all checks. All major credit cards are accepted with a 4% convenience fee (Visa, Mastercard, Discover and American Express). Reservations can be made through the club office at (360) 866-7121.

GOLF INFORMATION: Through our outside play program, OYC members can play golf here as well. The standard rates for this are \$45 to walk, but for a limited time we are offering a special \$35 rate. The standard availability for this program includes Tuesdays, Thursdays, Fridays and Sundays after 1:00 pm. Tee times can be made through the pro shop at (360) 866-9777.

POOL INFORMATION: Unfortunately, the pool is not included in our agreement. OYC members can use the pool for a \$5 guest fee when accompanied by an OCGC member.

DOCKSIDE SERVICE: We are introducing a brand new service for your convenience. We now have dockside food service available. Call ahead and we can have your food delivered to you at your boat or yacht.
