Informing & Connecting

There are many benefits
associated with
OAPSA membership.

Check out what our members say about OAPSA . . .

OAPSA is my go-to resource to stay tuned. Not only do I highly value the on-point content, but the network of and access to practicing leaders has been foundational. OAPSA leadership provides a quality product, and I highly advise any special education leader to consider membership now!

Jonathan Burras - Director of Pupil Services - Mansfield City Schools

As a Special Education Supervisor, you often have very few peers to bounce ideas off of to support student learning. OAPSA offers us the chance to work with others that have seasoned experiences to draw on in order to guide our own decision making for programming and individual student needs.

Katherine Bachmann - Special Education Supervisor - Lancaster City Schools

My annual membership to OAPSA has been one of the most important administrative decisions I have ever made. Throughout my career, I have relied heavily on the information provided by OAPSA Conferences as well as the many email updates. Most importantly, however, I've come to rely on the people. The folks in this organization are some of the most knowledgeable and passionate that one could ever find in a field like ours.

Sarah Walker - Director of Student Services - Amherst Exempted Village Schools
