

## Mentoring Program Report

The pilot mentoring program for new special education administrators within Central Ohio is off to a great start. There are currently 18 participants that have been divided into 2 groups based on the district's location. The program grew before it even officially started, which is very exciting. There are 10 participants in the Central Ohio group and 8 in the Northern Ohio group. The central group met for the first time last week and the Northern Ohio group will meet next week. The goal is to meet every month and discuss and provide resources for the members to meet their needs within their new position. If any OAPSA members that would like to assist with mentoring our new colleagues please contact me via email, [kristina\\_hulse@plsd.us](mailto:kristina_hulse@plsd.us).
