Happy Holidays and Happy New Year!

Commodore's Line - Dave Dicke

Thanks to all for a great 2016 at the Perrysburg Boat Club! The Lord granted us good weather, fair waters, good fellowship and no high water events! Lord please make 2017 the same for Ruth and I!

We are beginning a new journey for our club family. It will have many steps and possible stumbles as we venture into the world of building a new home. We have a great team, great club loyalty and ambition to see the endeavor through. We have much to do in order to be in a new home next summer/fall. The building committee may be calling for help. Please say yes!

The fall meeting was held at Toledo Sailing Club. Vice Commodore Rob Brunner, Lady Michelle and their crew did a great job providing a fine meal and program. Toledo Sailing Club's Commodore Michelle VanDromme and Past Commodore and Gentleman Walt VanDromme hosted the event and helped make it a great success. We owe Toledo Sailing Club thanks! Please stop by and thank them next summer.

V/C Brunner and Com. Dicke presented an overview of the proposed building and funding options that lead the Board to raise the annual dues by \$150 to a total of \$275. Details of estimated costs, mortgage and preliminary design of the new club home were presented.

Past Commodore and Building committee chair/ project manager Jerry Abair provided more details on the progress and design concepts and answered a lot of questions. He asked that the membership email him any concerns or suggestions as to how we can improve the club house concepts as we move forward.

Code of Regulations Changes: As noted, in last newsletters, we proposed to add 2 Board of Governors. The membership voted to approve this at the November meeting. Jerry Abair, Jim Worden and Chris Shuff accepted nominations. Chis and Jerry became new board members and Jim accepted the newsletter editor position.

Ruth and I look forward to a great 2017 with our PBC family, the AYC and ILYA Clubs and our own family.

Best wishes to all for a happy Holiday with family and friends and for a healthy and prosperous New Year!

Work Hours: Please check your work hours to make sure they are correct. P/C Jerry has updated the spread sheet and has sent it to members via email. The time expires to get in your second half work hour requirements of ten (10) in on November 30th. Probationary members must have your required hours in to avoid any action being taken on your behalf by the Board. Contact Jerry, or any other board member, if you need to get an hour or two as there are things that still need to be done at the Club. Your billing of Dues, Docks, Social and Fines for hours missed will be mailed out the second week of December.

Essay by Joe Conley July 13, 2016

I have been at the Perrysburg Boat Club for as long as I can remember. Every summer, the boat club has been the highlight of it, from skiing to fishing on the docks. Boat camp has taught me how to sail, tie knots, and drive an outboard motor. Even though this was not in boat camp, we also learned how to catch geese. Almost all the geese and wild animals have been caught down at the river by a kid named Josh Carter. You name an animal to Josh, and I bet he has caught 95% of them.

It is sad that the building is gone, but that shouldn't bring down all the fun memories the Boat Club holds. The mud of the Maumee River will not bring down my spirit. Clear, or so dirty that you can't see your hand six inches in the water, I could care less! And that's what you should do. You should not waste your time out by the water-Jump in the water! Doing that will make the best memories.

I remember when Josh and I went double kayaking and Josh lost our paddles, so we had to get towed back by some people on a jet ski. Now, that was fun but sort of scary. As you can see, the Boat Club has always been and will always be a great big part of my life.
