

Hill Country District Junior Livestock Show Assoc.

PO Box 291217

Kerrville, TX 78028

Attention Livestock Exhibitors, CEA's and AST's

The Hill Country District Junior Livestock Show will proceed with our show. Please note our schedule has been modified. As the "barn talk" circulates, we are unsure what to expect on entry numbers this year, but know our updated schedule is the friendliest to our exhibitors, their families, and advisors. After the initial entry deadline, if we experience entry numbers that exceed the capacity of our facilities, we will be forced to adjust the schedule again to accommodate the capacity issues.

The updated show schedule is posted on our website. www.hcdjls.org

Each exhibitor will be given a wristband and two additional ones for parents/guardians. Face masks will be required at ALL times. Social distancing in the stands will be required as well.

Kerr County show will be a Premium sale only. You will have to take your animals home unless they are placed in the District (HCDJLSA) show.

For the HCDJLS show, placing market animals that make the sale and are entered into the auction become the property of the HCDJLSA. The sale will be a Premium sale only.

Please understand that we continually monitor the numerous factors facing our event, but we are dedicated to providing a positive outlet for all our youth participants. Please be patient as we work through this season.

For questions or clarification, please email info@hcdjls.org

Sincerely,

HCDJLS

HCDJLS DEDICATION

Raymond Roy Walston II, better known by all as Roy, is a 4th generation Texas rancher on both sides of his family in Menard and Mason counties. He has been involved in all aspects of stock show for nearly 50 years; from raising and showing sheep and steers, to judging, coaching, and buying. Roy has dedicated an enormous amount of time to bettering the livestock industry through stock shows. Roy's father, Raymond, started several feedlots in west Texas where Roy saw whole of market beef sales. Roy continued his interest in livestock through college at Angelo State University where he was on the livestock judging team. Roy has been a part of 4-H for 47 years including coaching livestock teams and national champion wool and mohair teams. Roy has dedicated 33 years to the Texas Agriculture Extension Service.

However, of all the things Roy has done for livestock and the extension service, he is especially proud to be a dedicated husband and father. Roy has been married to Serena for 35 years and has two wonderful and successful kids, both of whom served their country by serving in the Navy.

Roy's passion was and is livestock and the livestock shows. He was born with it, raised in it, and continues to teach his children and anyone who will listen the importance of livestock and the impact it will have on future generations.

Special Rules

HILL COUNTRY DISTRICT JUNIOR LIVESTOCK SHOW ASSOCIATION, INCORPORATED

Force Majeure:

The HCDJLS shall not be liable for any delay or failure to perform its operations, activities, shows and events to the extent such delay or failure results from a force majeure occurrence. A force majeure occurrence is defined as any occurrence arising from causes beyond the reasonable control of the HCDJLS and which delays or prevents performance by the HCDJLS otherwise required by this Agreement, including but not limited to any (i) breakage or accident to equipment, machinery, or facilities; (ii) and strikes, lock-outs or other labor difficulties; (iii) statutes, ordinances, regulations, orders, directives or rules issued by governmental authorities, including, but not limited to those concerning public health and safety, animal disease prevention, detection and response and/or protection of the environment; (iv) judicial decrees or orders; (v) acts of God; (vi) animal diseases and/or quarantines; (vii) wars, riots or insurrections; (viii) civil disobedience, public demonstrations or sabotage; (ix) fires, floods, explosions or inclement weather; (x) inability to obtain necessary labor, materials, supplies, utilities or transportation; (xi) depressions, recessions, or other economic downturns; (xii) embargoes or energy shortages; or (xiii) other causes beyond the HCDJLS's reasonable control.

Emergency Evacuations:

Evacuation of Livestock: During such times as deemed necessary by local, state or federal authorities, the HCDJLS, and/or its officials may evacuate the show grounds. Incidents such as but not limited to, bomb threats, acts of war, declarations of war, code red of the Homeland Security System, fire, etc. will be acted upon in accordance and cooperation with local, state and federal authorities. Priority evacuation will be given to human life, then livestock. In such cases, exhibitors and/or contestants will turn over the care of their livestock to the HCDJLS. Proper animal husbandry practices will be followed within reasonable expectations. At which time the evacuation notice is lifted, then exhibitors/contestants will be allowed to reenter the showgrounds and claim their livestock.

PROTESTS: All protests must be in writing and be accompanied by a deposit of \$250.00 cash, which will be forfeited if the protest is not sustained. Such protest must state plainly the cause of complaint or appeal, and must be delivered to the Livestock Show management immediately at the conclusion of judging. Judging procedures will not be interrupted for protest investigation. Depending on the basis of the protest, a decision may be withheld until complete investigation is done. Protests concerning ages of the animals must be filed with the Livestock Show management two hours prior to the commencement of judging in the department.

ELIGIBILITY OF ANIMALS: Upon reasonable request at any time during the feeding period, each Exhibitor agrees to produce for inspection by the Inspection Committee, his or her exhibits and documentation evidencing his or her ownership. Presentation of such documents shall also be required by the Show officials who receive the animal at the time of its arrival at the show. ETHICS: THE SHOWING OF ANY ANIMAL THAT HAS BEEN ADMINISTERED ANY QUANTITY OF DIURETIC, UNAPPROVED GROWTH STIMULANT OR OTHER UNAPPROVED MEDICATION, OR THAT HAS NOT BEEN PROPERLY WITHDRAWN FROM APPROVED DRUGS IS PROHIBITED. This prohibition applies to all market animal entries, regardless if the animal is entered in the sale and to all breeding entries. "Unapproved" is deemed to mean not approved by the Food and Drug Administration (FDA) and/or the U.S Department of Agriculture (USDA) for that species.

(Continued)

As a condition for participation in the HCDJLS every exhibitor must agree to submit any animal so entered by him or her to inspection by a veterinarian appointed by the HCDJLS, and agrees to have such animal submitted to any tests as may be designated and requested by the veterinarian, and agrees that the conclusions reached by the veterinarian shall be final, without recourse against the HCDJLSA, or any of its officers, directors, or employees.

Also as a condition for participation in the HCDJLS exhibitor (market or breeding) entry will be required to have a certification form signed by: 1.) Junior Exhibitor, 2.) Parent or Guardian, 3.) County Extension Agent or Ag Science Teacher. This certification form must be signed and returned with entry card. No animal will be allowed to show without this certification form properly signed.

The HCDJLSA reserves the right to have blood, tissue, urine, or DNA laboratorial analysis made on any animal entered for competition. All samples shall be taken by persons designated by the HCDJLSA and tested in a laboratory chosen by the HCDJLSA. Reasonable care shall be taken with blood, urine, or other body substances to maintain the purity and identity of the sample. The only chain of custody required will be that routinely

relied upon by veterinarians practicing in and around the Kerr County area, or as otherwise designated by the HCDJLSA. The exhibitor agrees that he or she will cooperate with the person or persons charged with the responsibility of taking the sample from the animal. Failure to cooperate with testing procedures, or any doing or failing to do any act which will make it unreasonably difficult for the person with the responsibility of taking the sample shall be deemed a voluntary withdrawal by the exhibitor of the animal from the competition. This will result in forfeiture of placing, premium money, prizes, auction money, scholarships, and the exhibitor will be subject to being barred from future competition at the HCDJLS.

An exhibitor of any market animal producing an analysis with any quantity of diuretic, unapproved growth stimulant or other unapproved medication, or any approved medication within any withdrawal time will forfeit all premium money, prizes, auction money, scholarships and will be subject to being barred from future competition at the HCDJLS.

An exhibitor of any breeding animal producing an analysis with any quantity of diuretic, unapproved growth stimulant or other unapproved medication will forfeit all premium money, prizes, auction money, scholarships and will be subject to being barred from future competition at the HCDJLS.

Unapproved Drug Use:

The showing of any animal that has been administered during its life any quantity of any unapproved drug, chemical or medication is strictly prohibited. HCDJLSA maintains a ZERO TOLERANCE POLICY for unapproved drug use and unethically fitted livestock. Such drugs include, but are not limited to, any diuretic, any unapproved growth stimulant or other unapproved medication. Unapproved means not approved by the Food and Drug Administration (FDA) and/or the U.S. Department of Agriculture (USDA) for slaughter animals including that may be destined for human consumption. Abuse of the extra-label privilege by veterinarians is unethical and is subject to serious consequences such as license revocation.

Approved Drug Use:

If an animal has been administered a drug that is FDA approved for its species, sufficient time must have passed so that the animal does not test positive for that drug upon arrival to the grounds. Animals must remain free and clear of all drug and chemical residues while on show grounds. Please note that elimination time (the time it takes for no drug residue to be found in the system) is typically longer than the labeled withdrawal time for most

(Continued)

Consequences: In the event any animal is declared by the veterinarian or testing agency to be unethically fitted or disqualified for any reason the HCDJLSA President will present the case to the Executive Board for evaluation. The exhibitor will likely forfeit all titles, awards, prizes, auction proceeds, premiums and scholarships for all entries if the animal and/or exhibitor is disqualified. Market/Floor money will be forfeited if the animal is condemned at slaughter. The Executive Board may temporarily decide to permanently bar the exhibitor and his or her family from any further participation in the Hill Country District Stock Show. Reinstatement of anyone barred may be made only by the Executive Board.

Probation: An exhibitor may be placed on a probationary status if results of drug tests are inconclusive, confirmation of a primary test cannot be granted, or another situation questioning the ethical fitting of livestock arises. The probation grants the right for the HCDJLSA to collect ultrasound, D.N.A., blood, tissue and/or urine samples for laboratory analysis on any animal entered by an exhibitor on probation at the exhibitor's expense. An exhibitor may remain on probation for any amount of time and may be released from probation only by the Executive Board.

Unethical Fitting:

Unethical fitting is defined as any attempt to alter an animal's performance or alter the natural contour, conformation, or appearance of the animal's body, hide, hair, or feet by any unnatural means. Examples of unethical fitting include, but are not limited to:

- Treating or massaging any part of the animal's body, internally or externally, with an irritant, counterirritant, or other substance to temporarily improve conformation.
- Surgical alterations, excluding the removal of warts or horns
- Use of Injections
- Striking the animal to cause swelling in a depressed area
- Use of electrical contrivances
- Feeding of material not conducive to the health of the animal, safety of food or marketability of its carcass
- Blocking of nerves to prevent limping or switching of the tail
- The use of diuretics
- The use of alcoholic or carbonated beverages in the feed or administered as a drench
- The use of alternative treatments including, but not limited to: acupuncture, animal chiropractic services, electrical massage or laser therapy on show grounds

It is the sole responsibility of the exhibitor to insure that the animal is free of the prohibited drugs and substances. Knowledge on the part of the exhibitor with regard to the drugs or substances found in an animal is not relevant to any issue, and it shall not be a defense that a person or persons unknown introduced the prohibited substance into the animal.

If any animal requires emergency or medical treatment while on show grounds, only a show approved licensed veterinarian will be allowed to administer any drug, chemical or food additive with the notification of the Division Superintendent. If an animal is treated by a licensed veterinarian while at the show and the medication administered has a withdrawal time, the animal will be disqualified for sale purposes.

ELIGIBILITY OF EXHIBITORS:

(A) In order to exhibit or sell his/her project, the exhibitor must be academically eligible under UIL or other applicable rules, and the exhibitor must also be eligible to participate in extracurricular activities at the exhibitor's school. An ineligible exhibitor will not be allowed to bring his/her project to the show or participate in the sale.

(Continued)

(B) Quality Counts verification will be required for all youth exhibiting livestock (market and/or breeding) at the Hill Country District Junior Livestock Show. The verification process will require exhibitors to pass an online test that measures their knowledge on quality assurance and character education content items. A verification number will need to be provided at the time of making an official entry to the Hill Country District Junior Livestock Show. Entries will not be accepted without the Quality Counts Verification Number.

NO PASS – NO SHOW – NO SALE.

GROOMING: No change of the major color pattern of the animal by painting or dying will be allowed. Any grooming material that allows color to come off from any animal will not be allowed at the show.

HOUSING OF LIVESTOCK: All animals are to be in their designated areas (barn, shed, or wash rack). Any exceptions must be authorized by the Superintendent.

and Tulsa Welding School

Superintendent: Mark Dunning
Assistant Superintendent: Don Harris

Entry Deadline: Must sign up by 7:00 p.m., Monday, January 18, 2021 Contest: Tuesday, January 19, 2021

The Fastest Torch in the Hill Country is a cutting torch contest designed to showcase students with cutting torch skills. This most essential metal fabrication skill is measured in head to head competition between students with speed and accuracy advancing students to the final rounds in a tournament format.

Rules:

1. Students participating in the contest will be paired by a drawing that will randomly place participants in a bracket that will remain the same for the entire contest. Irregular numbers of students may require the bracket to include some "bye" slots be added to complete the bracket.
2. In each round students will light their own torch, adjust to a neutral flame, and make the cut required in that round. Regulators will be preset by contest officials. The student whose metal falls to the ground first advances to the next round and the other student will be eliminated.
3. Any attempt to force the cut to fall by any action other than gravity (tapping with the torch tip, jarring the table, forcing with the hand, etc.) will result in that student being disqualified.
4. Safety equipment will be provided. Students choosing to use their own may do so. TWO high cuff gloves, safety glasses and a face shield must be worn while cutting. Eyewear must meet minimum Z87 standards. Students will be responsible for appropriate clothing. Long pants, closed toed shoes, and a long sleeved cotton shirt are required. Judges decision on appropriate clothing will be final.
5. If judges determine that a tip is dirty, both tips will be cleaned by contest officials prior to the next round. Equipment malfunctions that cause an unfair advantage to one contestant may result in a "re-ride" if judges deem it appropriate.
6. Metal to be cut will be provided by the contest. Preliminary rounds will cut flat metal, approximately 4" wide and approximately 3/8" thick. As the contest progresses contestants will be expected to make cuts on pipe, angle iron, channel iron, etc. Piercing cuts may be required in later rounds. At no point will metal to be cut exceed 1/2" in thickness.
7. Prior to making their cuts students will be permitted to arrange metal, loses, and strikers on their work table for their own comfort. Judges will announce "go" to begin cuts in each round. Cut lines will be pre-marked by the judges.
8. If during the contest a student is called for and is not present for his turn, he will be eliminated and his competitor in that round will advance. Every effort will be made to accommodate students with other showing obligations and show officials may change the order of the brackets to help students participate.
9. Contestants may choose the torch/table they use to cut on. If both students choose the same station, a coin flip will determine student placement.
10. Participation in the contest will be limited to students that have submitted entries in the Ag Mechanics Division of the Hill Country District Junior Livestock Show.
11. Decisions of the contest officials as they pertain to safety and details of the contest are final.

Steers 26	Goats 72
Lambs 45	Swine 151

For steers, lambs and swine, the number of animals automatically eligible to sell in each breed is determined by the percentile of that specific breed in relationship to the total number of that species which is actually being exhibited. The top 8 placing meat goats in each weight class are automatically eligible to sell. If an animal which is automatically eligible to sell chooses not to sell then the next highest placing animal in that market class will be allowed to move up in the order. If any sale positions remain in a species after all exhibitors have signed up, the remaining positions will transfer to the other species. The number of positions transferred to each species will be in proportion to the number of entries entered at the 2021 Kerr County Livestock Show. The Executive Board and the Superintendents of the County Market Animal Departments must approve any transfer between species.

2. If an exhibitor has a county breed division champion or meat goat division champion or a reserve breed champion or a meat goat reserve division champion animal he/she may designate another animal to be sold in its place. The animal which is substituted must be eligible to sell as outlined in County Sale Rule 1. The animal must be from the same department and will be designated as a "substitute" on the auction sale sheet. This rule allows Kerr County exhibitors to be able to take champion animals to other major stock shows. An exhibitor may sell an additional unit, provided it meets District Sale Rule 1 for placing in the District Show.
