

Anthony Marmo

District Governor Elect

District 7210

Tony Marmo became a member of the Highland Rotary Club on March 13, 1985 at the age of 32 and was elected president for the 1987-1988 Rotary year. Tony stayed involved with Rotary serving on the Highland Rotary Board, participating in several District Conferences, Assemblies and the Rotary Leadership Institute over the years. Tony returned to the role of Presidency for 2 terms for the years 2016- 2018. He also served as Assistant Governor for 2018-2019 and was elected to serve as District Governor for District 7210 for the 2020-2021 Rotary year.

Tony believes that an organized Rotary Club is a successful one, including heavy doses of laughter, comradery and a reverence for the history of Rotary. Tony is a tireless advocate for the mission of Rotary both locally and internationally.

He is committed to leading Rotary into a new age, where we can attract and engage members of a diverse background. He realistically understands that if Rotary doesn't revitalize and rejuvenate its membership base, it will slowly age out of existence like many service organizations faced with the same challenge. He also understands the role of business in Rotary and embraces the newly formed group "Rotary Means Business," which urges Rotarians to refer business to each other, when possible.

Tony has been the president and owner of Normann Staffing, located in Kingston, New York, since May 2014. Prior to purchasing Normann Staffing, he was employed in the healthcare field for 37 years, serving as the President and CEO of The Kingston Hospital for 9 years and subsequently serving as a Long Term Care Administrator in 3 Nursing Homes. He holds a BBA in Finance and Accounting from Pace University and a Master's Degree in Public Administration from Long Island University. He is also a Licensed Nursing Home Administrator in New York and New Jersey.

Tony currently resides in Ulster Park, New York with his wife Lee Ann. He is the father of 3 adult children: Michael, Lucas, and Vincent, and grandfather to Adrian and Isla Marie. He is an avid, but aging sports enthusiast, recently retiring from softball, and valiantly still attempting the game of golf. He enjoys skiing, travel, fixing almost anything, and staying in good physical condition by making too infrequent visits to the YMCA of Ulster County. Tony strongly believes in a balanced family-work-volunteer approach to life, with everything in moderation, except love!
