**"EDUCATION IS OUR FOUNDATION"**

Danny Ray Perkins the vice- chairperson of the Humanitarian Distribution Centre of Cape Town organised funding for the second container to be brought into Cape Town South Africa during February of 2013. Nicky Kariem the chairperson of the Humanitarian Distribution Centre of Cape Town organised all the import and transportation of the second container into Cape Town during May of 2013. The principal of Norwood Primary School co-ordinated the unpacking and sorting of all the books together with 10 volunteers from a community outreach youth group associated with the school. Five administrators from the Western Cape Education Departments, North Education District Office, chose the schools to receive books who, they felt were most in need. The administrators then officially informed the chosen schools and oversaw the distribution pick- ups by the schools and the signing of receipt of all donated books. The administrators will do some follow up as to the development of schools and classroom libraries as part of their regular school visits throughout the year. The administrators also have a programme to enable and encourage all schools and teachers to use the books to improve current literacy and numeracy teaching and learning strategies to improve their current student results. Besides the books there were also 10 hand puppets and 40 calculators.
