I think most of my articles start off with – “where has the time gone” – and this is no exception. Seems school started months ago – and we were looking forward to our meetings, the Scholarship Fest, and the BBQ – and now those are all behind us.

- 1. Russ George, Paul Smith and myself attended this event to meet our recipients. A nice evening – the location was moved to the Fieldhouse and the sound was not the best – but a nice evening.**

- 2. Uncle Bub’s BBQ was held on October 4th. We couldn’t have asked for a nicer day – the weather cooperated – lots of people. A few glitches along the way – but we survived. Comments about how good the pork and chicken were, and the mac/cheese was a big hit. Because we did not have the 3 compartment containers made for the negative comments – and one mentioned that the dinner was not warm. Over all, it was a great success. I don’t have the final numbers yet – come to the business meeting.**

- 3. Ann McBride and I attended the 30th birthday celebration at Sci-Tech. We understand there were 900+ people there. Congratulations to Arlene Hawks for a great event.**

- 4. Peggy Hasenauer and Arlene will be working on hosting an event on Wednesday, November 14th for National Diabetes Day. The month of November is Diabetes Month. The next evening is our Cosmo meeting and Donna Carter from Copley Diabetes Center will be our guest speaker.**
