### RC Cosmo Club News and Notes

April 29, 2019 – Mingle Monday

#### Regional Orthopedic and Specialty Hospital and Sports Performance Institute

Twenty Cosmos had the opportunity to visit the new Regional Orthopedic and Specialty Hospital without needing its services and receiving a bill afterwards. We were taken on a tour of the facility by Michael Latour, Director, and part of the hospital's Executive Management Team.

The facility is divided into quadrants on both floors. This is a one-stop medical facility where all of the doctors have space as well as being able to have your surgery, recovery, and therapy in one location. There are still some components where a department or two haven't been moved from other locations.

There are some of the facilities that are open to the public such as the dining facilities and the exercise facilities. The menu in the bistro stresses eating healthy and meals begin with vegetables and then the accompanying items. The Sports Performance Institute is open to the public and memberships are available as well as personal trainers. Visit the website at <https://orthopedicspecialtyhospital.regionalhealth.org>
