President's Letter

Happy New Year!

I hope you all had a great holiday and got several motorcycle related presents.

It is the year of the convention in Houston. Please start planning your ride to Houston. And keep your Regional Director informed so we can help communicate the various routes you may want to take.

I have already mentioned the photo of the fellowship to be taken on Friday June 3rd at 9 AM. On Sunday June 5th we are planning a gathering for cocktails and dinner at the IFMR selected hotel. Details will be coming soon, but put it on your calendar.

As you will see in the calendar section, we have some great rides coming up.

Stay tuned for more information on the Houston convention and the ride following.

Cheers, Larie.

IFMR-NA Ride Planning Calendar

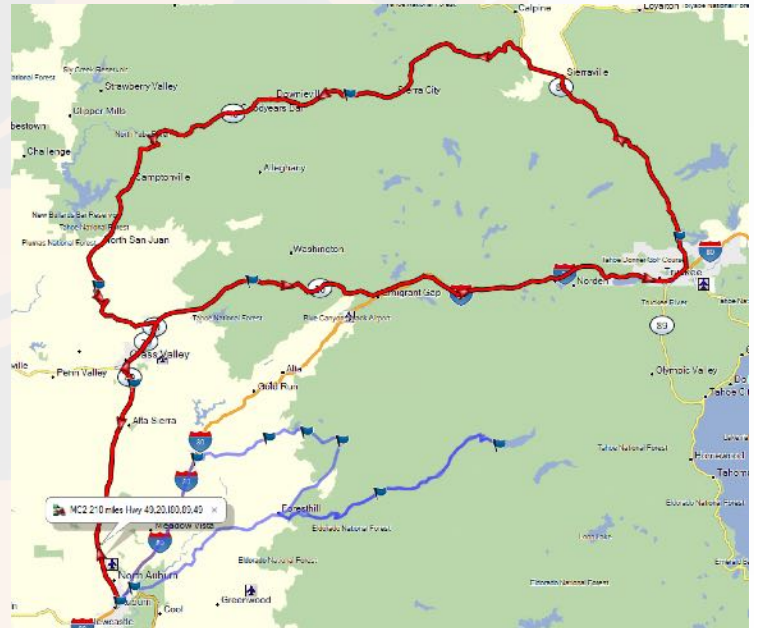

Title	Contact	Base City, State	Region	Timeframe	Status

World's Largest Ride to Eradicate Polio

John G. Kramb, EPNC Region 39W

Motorcyclists get a bad rap in movies and on television. However, the members of the International Fellowship of Motorcycling Rotarians are dedicated to doing good in the world.

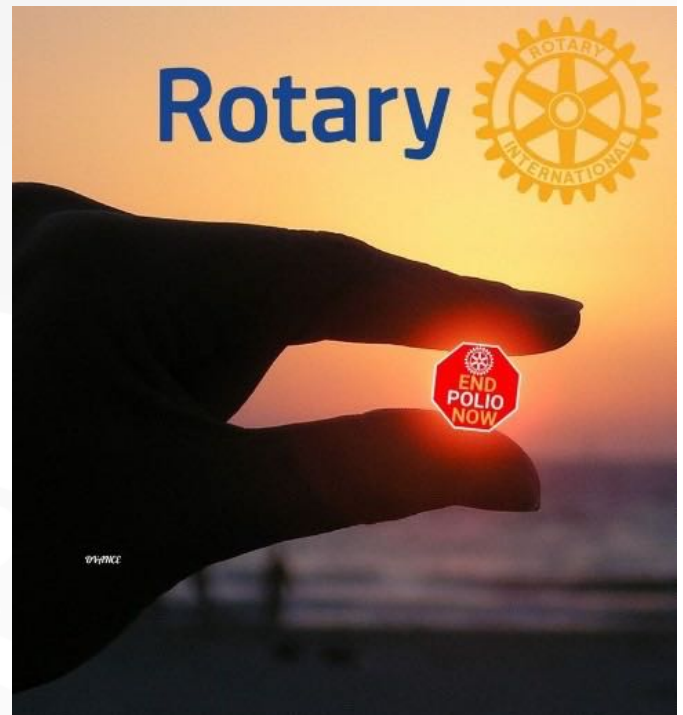

That is why I am happy to announce the World's Largest Ride to Eradicate Polio, to be conducted in September of 2022. Motorcycling Rotarians in North America, South America, Europe, India, Asia and Africa will plan a one-day (or more) ride in their respective areas and will solicit \$100 from each rider.

This has got the potential to be a huge bonus for PolioPlus. And most certainly will grow in impact over the years.

We will be asking for support from district governors, District Polio Chairs, DRFCs and anyone else we can think of for this endeavor.

Stand by for details.

John G. Kramb.
