

IT'S HERE!!

THE COLORADO ROTARY LICENSE PLATE IS NOW AVAILABLE!

Here are the steps to follow in order to obtain your license plate:

1. Have your club secretary sign the Member Verification Form Letter. It provides proof that you are a member in good standing in Rotary.
2. Take the form to your local Department of Motor Vehicle office.
3. Present the letter and request the Colorado Rotary License Plate.
4. You will be charged Approximately \$65-70 (dependent upon your county). One charge is for an initial setup \$25.00 and another charge of \$25.00 will be the annual addition to your normal license fees. Then there are some additional fees that are quite small.
5. The DMV will provide you with a paper Temporary Plate to put on your car while you wait for your Rotary plates to be made (2-6 weeks) and will be mailed to you. They will also give you new registrations for wallet and glove box.
6. You will need to remove your existing plates and turn them back in.
