# 2026 LSPETS - Let's Talk Learning, PDG Lisa Herring

## 1. Perspective

Developing an understanding of the group's purpose, mission, vision, goals, and context is critical. Questions you might ask as you think about gaining perspective for facilitating a group or team:

- What is the purpose and mission of the group or organization?
- What is the organizational structure?
- How are decisions made?
- What does the leadership look like?

## 2. Purpose

It is essential to understand what the group or organization views as a successful meeting or event before determining the detailed requirements, specific deliverables, and how to measure results. Questions you might ask as you determine your group's needs and expectations:

- What are their ideal desired results or outcomes?
- What do we need to achieve in this meeting or during this event to meet their needs?
- What type of atmosphere do we need to create in order to accomplish the results they want?

## 3. People

It is common not to fully identify and include the important people who need to participate in an event or meeting. Once you have mapped out who and why people need to be in attendance, here are some additional questions to ask:

- What are the conflicts?
- What are the biases, preconceived ideas, and other potential barriers to success?

## 4. Product

While this may appear to be similar to purpose, it is more specific. Purpose is why we are having the meeting, product is what is produced as a result of the meeting. Questions to consider:

- What will be delivered?
- What is the most important thing we need to accomplish?
- What documentation do we want to walk out of the room with?

## 5. Place

This step is probably most overlooked by inexperienced facilitators. Thinking that a room or space will do is simply not true or effective. Don't leave the identification and selection of the physical space to someone else. This is an important step in virtual meetings as well, even though the space will be different. Questions to help determine your space needs are:

- How many participants will be attending?
- Are there any special needs for those participating?
- What special equipment is needed, such as computers, internet access, flipcharts, and wall space?

## 6. Process

Once you have considered the above five Ps, you are in a solid position to design a process that fits your group or organization's unique situation and needs. There are numerous processes that can be designed for different results, such as decision-making, improvement, problem-solving, strategic planning, etc.

We usually start with a clear facilitation agenda that provides clear guidance on the individual items needing attention, time allocations, and expected outcome. Then, select tools such as activities, questions, and exercises for each agenda item. Questions I consider when designing a process:

- Does the agenda item need dissemination, discussion, or decision (*this three Ds approach helps me determine what type of tool to use*)?
- What is the best flow for the agenda?
- How much time is needed for each item and what tools can be used effectively for the allocated time?

## 7. Practice

Visualizing and rehearsing the training/meeting, anticipating potential problems, and preparing appropriate contingency plans is essential.

On the day of the meeting or training, arrive before the participants. Test your equipment and make sure all your materials are ready. Finally, take a few minutes for yourself to check your appearance and visualize yourself facilitating a successful meeting.

## 8. Personal preparation

If you are not personally ready to perform, your participants will know it. This encompasses being mentally, emotionally, and physically ready to perform. Something I try to do before large facilitation events is to create a quiet moment the morning of the event. I visualize the event and the different parts of the agenda. The quiet also prepares me mentally and physically. I find that when I facilitate, I am standing and walking almost the entire time.

**\*\*\*Effective facilitation planning and preparation make all the difference between a poor and unproductive training/meeting and one that is inspiring, motivating, fun and productive.**

**What are facilitation techniques? Trainers, facilitators and moderators use facilitation techniques to engage participants, understand group dynamics and ensure a meeting or training achieves its goal.**

## **16 facilitation tools and techniques**

### **1. Brainstorm**

Brainstorming creates a creative group atmosphere that can often bring about fresh and unconventional ideas.

### **2. Set meeting/training agendas**

While team members generally receive agendas before the meeting starts, review the schedule and objectives again at the beginning of the meeting so everyone in the group understands its direction. This step is particularly important at the start of unplanned or spontaneous meetings.

### **3. Break the ice**

After the introduction, perform an ice breaker exercise so everyone gets comfortable in the group.

### **4. Delegate roles**

Assign roles to the group members, such as asking someone to record the meeting's details or giving someone responsibility for checking the time. Rotate duties from meeting to meeting so everyone feels involved.

### **5. Set ground rules**

Ensure the meeting stays calm and organized by setting rules such as raising your hand if you want to share an idea.

### **6. Take breaks**

Long meetings can cause attendees to lose focus and become fatigued. Take regular breaks, ideally every 90 minutes during long meetings, to let the group get a drink or walk around. If you pause a meeting for lunch or a food break, provide healthy refreshments that stimulate the mind.

### **7. Provide a toolkit**

The facilitator should provide the team with tools such as notepads, pens or pencils so they can take notes and record the meeting's details. Provide markers and a whiteboard if you or other attendees are giving a presentation.

## **8. Use a flip chart**

Flip charts can provide a visual element to a meeting, particularly when brainstorming creative ideas. Place the flip chart at the front of the room and stand to the side while writing or discussing a topic so everyone can see. Write in clear and bold font, preferably in capital letters. Use different-colored markers or bullet points to break the content into smaller ideas.

## **9. Perform meta-planning**

To engage all attendees, ask them to each share a keyword about the meeting's topic or main issue. Collect their ideas and share them with all participants. This is a simple way to come to quick conclusions.

## **10. Engage and manage group dynamics**

If a meeting involves lots of conversation, separate into smaller discussion groups so the quietest participants can contribute to the decision-making process. Give the dominant personalities jobs to keep them focused and to encourage them to contribute their energy toward productive tasks.

## **11. Keep the group's mood upbeat**

Break up serious discussions with fun, low-stress team-building or trust-building exercises. These games help keep attendees positive and productive.

## **12. Monitor group politics**

If you notice power imbalances and hierarchies developing within a group, bring the focus back to the discussion through questions, solutions to problems, summaries and reflections. Keep positively energizing the panel.

## **13. Be alert**

By being attentive, you can ensure the proceedings stay on track and the meeting progresses as planned.

## **14. Pause and think**

Once you have established the main theme of the meeting, ask all the attendees to pause and think about it. Ask them to write down a few thoughts or ideas before the group begins discussing the topic together.

## **15. Group review**

Get the group's perspective and feedback on the meeting's proceedings. This 10-minute exercise can help the facilitator understand what went well and what they can change for future meetings.

## **16. Make closing notes**

Clearly document the training/meeting's proceedings and outcome, so everyone understands the concluding details. Summarize the training/meeting verbally as well as in writing.

## 2026 LSPETS Facilitator Learning Session Scenarios and Solutions

1. After an hour, you have noticed that your partner does not include women in discussion. Not only has your partner not asked questions of women, but your partner also tends to talk over their questions and statements.
2. Several participants appear confused by your references to portions of their materials. One says what you are discussing is not in those materials.
3. Your group is so enthused about the first area you bring up for discussion that you fear you will be unable to complete all the areas assigned for the session.
4. A young man with an accent asks a question and is cut off by your partner who directs him to ask the District Governor Elect about it after the session.
5. Your questions seem to draw responses from the same three individuals. Other members of the group don't want to participate.
6. As your group discusses attraction, engagement, and belonging, one young incoming president mentions that she's the only person in her club under 40 years of age.
7. A member of the group responds to a concern by saying "Don't worry about it, honey. The guys in your club will take care of it."
8. A member of your group who is attending LSPETS for the fifth time seems uninterested in participating in discussion.
9. After lunch, your group seems smaller than it was when you began.
10. An incoming President shares his concern that like his club, your group is almost entirely white.

11. Your partner insists on sharing content with DG war stories instead of brief content sharing with related discussion questions
12. Your partner finds that several of your PE/PNs are having inappropriate, personal conversations via text during the Module.
13. As an action step to build diversity, a participant suggests that members of the Black and Hispanic Chambers of Commerce be invited to a Rotary meeting with a special speaker. Another participant says, "We don't have those kinds of Chambers in our community."
14. A Friday facilitator in your District room, who is successful realtor, stays in the hallway on the cell phone closing business deals more than in the learning room.
15. An incoming president from your District sits at the back of the u-shaped seating playing video games on his computer with a fellow gamer on-line. You had thought he was taking notes on the Module review.
16. Your partner shares her political agenda at least once during each Module breakout session on the Saturday morning schedule.

## Questions

**Primary** questions open a new area for discussion.

**Secondary** questions encourage further exploration of that area.

“Please tell me about the project you feel best represents your club” is a primary question. “How does your club prepare for that project?” is a secondary question.

**Closed** questions call for a response of a few words.

**Open** questions call for elaboration.

“How many members of your club contribute to the Rotary Foundation?” is a closed question. “How do your members support our Rotary Foundation?” is an open question.

**Sincere** questions ask for an answer.

**Counterfeit** questions ask for a preferred answer.

“How does your club recruit new members?” is a sincere question. “Don’t you think your club could do more to recruit women?” is a counterfeit question, as it strongly implies the answer sought. Counterfeit questions are often attempts to influence behavior.

**Factual** questions are normally closed and seek specific information.

**Opinion** questions invite the respondent to explore their own thinking.

“How many members are in your club?” is a factual question. “Do you feel your club is inviting to young/African-American/Latin X prospects?” is an opinion question.

**Umbrella** (Overhead) questions are asked of the entire group.

**Direct** questions are asked of a specific member.

“Can anyone explain why inviting Foundation support might impact membership?” is an umbrella question. “Linda, what does your club do to handle donor fatigue?” is a direct question.

**Probes** encourage further exploration of a response.

Silence may be a probe. Common probes include brief encouragements such as “go on,” “uh huh,” or even a nod of encouragement. Probes may also be more elaborate, such as “I’m not sure I understand that last part” or similar requests for clarification. Appropriate probes are non-judgmental.

How you phrase the question may be less important than the tone of voice and facial expression you use in asking it. The respondent determines what you mean before providing a response. Because misinterpretation is more likely in a virtual environment, facilitators must be especially careful.

# ROTARY AND ROTARACT CLUB EXCELLENCE AWARD

## GOALS AND INSTRUCTIONS

The Club Excellence Award recognizes the hard work clubs do throughout the year. Taking action toward achieving the required number of goals helps clubs engage their members, stay relevant in their communities, and run more efficiently. A welcoming and engaging club also reflects the values of Rotary. When clubs work to achieve these goals, they also contribute to the overall health and culture of Rotary for generations to come.

To be eligible for the Club Excellence Award, clubs need to be active clubs in good standing – or having paid each invoice balance in full upon receipt. To verify that your club is in good standing, go to My Rotary>Click on Club Name>Finance>Club Invoice. You should have an outstanding balance of \$0.00. Invoices are due when they are posted.

Club leaders can go into Rotary Club Central and select the goals they wish to apply toward the club excellence achievement. This flexibility allows clubs to choose the goals that are most relevant and achievable. In addition, many goals will be self-reported by marking “achieved” in Rotary Club Central. Clubs must achieve at least half of the goals by 30 June to be eligible.

To achieve the Club Excellence Award:

1. Go to [Rotary Club Central](#)
2. Review the available goals
3. Set at least half of the available goals
4. Achieve those goals
5. Report achievement in Rotary Club Central by 30 June.
6. Pay club invoices in full upon receipt

Once you are in Rotary Club Central, go to **Club Goals** on the left side of the page if you are not there already, select the **year**, and click on the **All tab** to see the goals. Eligibility will be determined based on goal achievement as of 30 June.

# TAKING ACTION FOR CHANGE

We are at a defining moment in Rotary's history. We're implementing our Action Plan, a strategic road map that will help us better connect with each other, grow as an organization, and more effectively share our stories of how we are making a difference in communities.

At every level of Rotary, we have embraced opportunities to work together to achieve our goals. Over the coming four issues, you'll hear from Rotary members around the world who will offer their inspiration, encouragement, and guidance as we carry out the four priorities of the Action Plan.

## IMPACT

**We want to put our resources behind programs that will have the greatest impact and that align with our areas of focus.**

We're creating tools and guidelines for tracking and sharing our efforts. We're also developing an evaluation process that will help us make objective recommendations about what is working and what we should continue, start, or stop doing.

## REACH

**We're committed to exemplifying and embracing diversity, equity, and inclusion (DEI) in everything we do.**

We're testing new products and alternative models that will allow more people to connect and take action with us in ways that work best for them.

## ENGAGE

**We're tearing down the walls between "us" and "them" and focusing on participants.**

We're asking people how they want to participate, finding ways to meet them where they are, and making sure they know we value them.

## ADAPT

**We're streamlining operations so we can be more agile and responsive.**

We're simplifying the way we do things and helping members manage change so that our clubs, districts, and zones can more effectively communicate and work together.

Learn what your club can do at [rotary.org/actionplan](https://rotary.org/actionplan).

## ROTARY'S ACTION PLAN WHAT CLUBS CAN DO

Rotary's Action Plan builds on our past successes and sets our future direction to ensure that we continue to grow, unite people, and make a lasting impact.

We encourage all members to review the Action Plan, think about your own club and district goals, and find meaningful ways to align those goals with our plan. Have open and ongoing discussions in your club and throughout your district about the new priorities and objectives, then use those talks to shape your own strategies.

For each of the four priorities that will direct our work, we've listed ways you can put that goal into practice. Think about how you can bring Rotary's Action Plan to life.

# ROTARY'S ACTION PLAN

## INCREASE OUR IMPACT

**DEVELOP A STRATEGY** for educating members about the importance of impactful service projects. Research shows that measurable, data-driven results offer proof of the impactful service that is attractive to the next generation of leaders.

**CONDUCT A COMMUNITY ASSESSMENT** to determine which issues are top concerns in the area. Learn about needs and strengths and identify the key decision-makers. Try conducting evaluations both before and after you implement projects to get a better sense of where and how you can create measurable, lasting change that truly helps the communities you serve.

**FOCUS YOUR EFFORTS.** Review your club's activities and determine which ones can be streamlined or eliminated so your club can spend more time on activities that make a real impact.

**ENCOURAGE YOUR CLUB OR DISTRICT TO CELEBRATE THE LONG-TERM SUCCESSES** of service and program offerings, but to be open to new projects or opportunities to prove that your club or district's impact has only begun. Apply for a global or district grant to fund a project that will have sustainable, measurable outcomes.

## EXPAND OUR REACH

**SET A GOAL** to collaborate with new groups in your community, either through service projects or social events, to introduce more people to Rotary. As our vision statement says, we want to unite people — not just Rotarians — to create lasting change.

**USE ROTARY'S MEMBERSHIP TOOLS** and resources to assess your club and learn how to make it more diverse, open, and attractive to everyone in your community.

Districts should **CONSIDER FORMING NEW CLUBS.** Take advantage of our flexible club models to create clubs that are welcoming to people with diverse interests, backgrounds, and needs. As always, these new clubs should embrace our core values and deliver value to members.

**BE SURE TO TELL COMPELLING STORIES** about how your club or district is making a difference. Use the People of Action materials and other resources in the Brand Center to learn how to show your club or district's impact through the media, on social media, and in the community. Strengthening your public image can help you attract like-minded people to your club, form new partnerships for service, and build a stronger and more diverse network of collaborators.

# The ROTARY ACTION PLAN

---

## TALKING POINTS

We began an important new chapter in Rotary's history in 2018: We launched our Action Plan, a strategic guide to help us become more effective in everything we do and more effective in telling our stories.

At every level of Rotary, people have embraced the opportunities the Action Plan offers us to meet new challenges and stay relevant for new generations.

I'm here today to give you a progress report on the Action Plan and the work that's underway for each of the plan's priorities:

- Increase our impact
- Expand our reach
- Enhance participant engagement
- Increase our ability to adapt

What I'm about to tell you shows that we don't have to do everything at once. We're setting achievable goals, monitoring our progress, and making adjustments as we go.

You'll find plenty of inspiration, encouragement, *and* direction to keep the Action Plan momentum going.

## *Progress report:* **INCREASE OUR IMPACT**

Rotary staff and members at all levels are working together to develop practices and tools for measuring and sharing Rotary's positive, long-term change. And we're measuring our impact more deliberately because we know that current and potential partners, program participants, and, increasingly, donors want to see clear, tangible proof of our impact — especially for our humanitarian projects.

We want to ensure that we're using our resources for programs that have the potential for the greatest impact and that align with our Action Plan or organizational strategy. Every club and district, along with all of their members and participants, can significantly increase their impact by increasing their focus. We're developing an evaluation process that will help us make objective recommendations about what we should continue doing, start doing, or stop doing.

We're implementing Programs of Scale, a grant model that was developed to provide measurable and sustainable solutions to issues that affect many people in a large geographic area. Programs of Scale also provides us with a new framework for thinking about how we bring about change in the world.

**TELL YOUR CLUBS:** This work is underway. Encourage them to check the Action Plan page at [rotary.org/actionplan](https://rotary.org/actionplan) for resources and news. But also remember that the best way to learn is by doing. Encourage clubs to identify a project they can use to explore and practice measurement.

**TELL YOUR CLUBS:** You'll support them in focusing their efforts by reviewing their activities and determining which ones can be streamlined or eliminated so the club can spend more time on making a bigger and more lasting impact. Connect them with other clubs that are also engaged in assessment to get a sense of collective effort.

**TELL YOUR CLUBS:** There's a Programs of Scale page at [rotary.org/programsofscale](https://rotary.org/programsofscale) that has resources that can help them find new ways to develop service projects. Encourage them to apply similar principles to their own projects and grants.

*Progress report:*  
**EXPAND OUR REACH**

We're committed to embracing and exemplifying diversity, equity, and inclusion (DEI) in everything we do at Rotary. We have revised our DEI statement, which now reflects our stronger-than-ever commitment to being an organization that values, respects, and welcomes everyone who interacts with us. Now we're developing a comprehensive plan of action with achievable, measurable, and meaningful DEI outcomes for Rotary.

I strongly encourage you to read and follow Rotary's new DEI Code of Conduct, which points the way to creating more just, open, and welcoming communities for all people.

We're piloting and evaluating new products and participant models so that people can join us and take action, no matter where they live. We also see great potential in existing programs, including Rotary Action Groups, Rotary Community Corps, Rotary Fellowships, and others.

**TELL YOUR CLUBS:** They should visit our DEI page at [rotary.org/dei](https://rotary.org/dei) to learn more about how to make their club more inclusive.

**TELL YOUR CLUBS:** We're eager to hear about the ways they're engaging people beyond traditional membership. Invite them to share those ideas through the My Rotary Action Plan page.

*Progress report:*

## ENHANCE PARTICIPANT ENGAGEMENT

We're tearing down the walls between "us" and "them" and thinking about "participants" — a word that encompasses all Rotary members and others who get involved in Rotary activities, like family members, partners, and alumni. And we're making participants central to what we do, which means we're being proactive, asking people *how* they want to engage with us, and making sure they know that we value their participation.

We're looking at ways to measure member engagement and satisfaction so we can better understand what people are getting from Rotary. We know that when our members don't find their experiences to be personally or professionally relevant, they go elsewhere. The information we collect will assist clubs, districts, and Rotary International in determining how we can deliver greater value and give people more reasons to stay in Rotary.

**TELL YOUR CLUBS:** They should start surveying members to learn what's important to them in their club experience and how they want to grow and develop through Rotary. And make it clear that you're ready to listen: Be proactive in asking members if they feel engaged enough and listened to and if Rotary is meeting their expectations.

*Progress report:*  
**INCREASE OUR ABILITY TO ADAPT**

We're improving our operations to become more agile and more responsive. We're using change management strategies throughout Rotary, from the Secretariat to the club level. Governance models, committee structures, business processes — we're reviewing everything.

Having fewer administrative layers will address the disconnects between clubs, districts, zones, and headquarters. And it will give us a clearer picture of support and resources you need to stay ahead of change.

**TELL YOUR CLUBS:** Change is coming. We'll all be encouraged to do things differently. But new approaches to our organizing principles won't threaten our sense of who we are. Together, we can get Rotary ready for another century of service.

# HOW TO TALK ABOUT OUR ACTION PLAN

Like the People of Action who inspired it, Rotary's plan for the future is bold.

This glossary will help all of us at Rotary speak about our goals with one voice and one vocabulary so we can move forward and act as one.

## VISION

*"Together, we see a world where people unite and take action to create lasting change across the globe, in our communities, and in ourselves."*

## ACTION PLAN

The name for our five-year strategic plan, including four strategic priorities and 14 objectives.

## PARTICIPANTS

All Rotary members and other individuals who engage in Rotary activities.

## STRATEGIC PRIORITIES

### INCREASE OUR IMPACT

Define, measure, track, and capture data from service projects to measure our impact, improve project quality, and create lasting change.

### EXPAND OUR REACH

Develop new models of engagement to attract diverse Rotary participants and unite them in taking action.

### ENHANCE PARTICIPANT ENGAGEMENT

Create new ways to inspire participants and provide valuable experiences that make them want to stay.

### INCREASE OUR ABILITY TO ADAPT

Make Rotary's operating and governance structures more efficient, representative, flexible, and effective.

## OBJECTIVES

The specific things we want the *Action Plan* to accomplish.

## INITIATIVES

The actionable steps to achieve each objective. The Secretariat, with oversight from the Strategic Planning Committee, is responsible for accomplishing them.

### INPUTS

The resources invested in a program.  
*Example: The materials used in a literacy program.*

### OUTPUTS

The immediate results of a program.  
*Example: The number of people who complete a literacy program.*

### OUTCOMES

The short-term or intermediate results of a program.  
*Example: The number of people who gain reading proficiency in a literacy program.*

### IMPACT

The long-term effects or end results of a program.  
*Example: The changes in education outcomes for the community.*

# CLUB HEALTH CHECK

Just as routine doctor's visits help us identify health risks before they become serious, a club health check can diagnose problem areas and prescribe remedies. This resource is intended to help club leaders assess their clubs. In using it, you're taking a step to maintain your club's health and preserve its value for members and the community. Mark the boxes next to the statements you consider to be true, based on the past 12 months. Then discuss the results with your fellow club officers. If you left more than five of the boxes in any section blank, that area should be addressed. Act on the suggested remedies for any problem areas you've identified.

## YOUR CLUB EXPERIENCE

Members who have a positive club experience are more likely to stay. In turn, they create a positive experience for others, because their enthusiasm is contagious. If your club's members genuinely enjoy being a part of the club, you're on the right path. Your experience includes not just your club meetings and other activities, but also the connections you've made and your pride in Rotary's work.

- I look forward to attending club meetings and other club activities.
- Our club meeting programs are relevant, interesting, and varied.
- We have a greeter or greeters who welcome members and visitors to meetings.
- Our meetings are organized and are run professionally.
- Members make an effort to meet and talk with different people at each meeting.
- I've made several new friends in the club.
- Our club tries new things (activities, meeting practices and formats, service, socials, etc.) to enrich members' experience.
- We are inclusive in who we invite to our club, how we welcome guests, the topics we discuss, and the service we focus on.
- Members other than club leaders participate in Rotary events at the district or international level.
- Most members are aware of Rotary's Avenues of Service and areas of focus, take part in projects, and feel proud to be a part of the club.
- We raise funds in a way that allows members to contribute what they wish.
- We recognize members' service, engagement, and donations by nominating them for and presenting them with awards.
- I have made international connections through Rotary.
- Guests are asked to introduce themselves and are invited back.
- We provide members with flexible meeting opportunities (attending virtually or in person or watching recordings if they miss a meeting).

## SERVICE AND SOCIALS

Participating in service and having fun with fellow members are the primary reasons members join and stay involved in Rotary. COMMENTS

Clubs that have inadequate social or service opportunities are at risk of losing members who don't feel connected or empowered. The good news is that these deficiencies can be remedied in fun and rewarding ways. Look at the boxes you left blank and consider trying those suggestions as well as these:

## MEMBERS

A healthy club is one that is growing and changing. Having members with diverse perspectives and backgrounds will fuel innovation and give your club a broader understanding of your community's needs. Pay attention to how your members are feeling about the club. Research shows that one of the most common reasons members leave is that club leaders are not open to new ideas. Involving members and giving them a voice in their club's future will strengthen both the club and members' commitment to Rotary. Consult your club's membership profile in Rotary Club Central for the most recent statistics.

- 
- Our club has had a net increase in members in the past year.
  - Our club has had a net increase in members who represent diverse groups.
  - Our club represents the racial or ethnic diversity of our community.
  - Our club seeks to attract members from professions in the community that are underrepresented in the club.
  - New members are officially inducted and are given an orientation, informational materials, and opportunities to get involved.
  - Our club actively engages Rotary alumni (former Rotaractors, Rotary Youth Exchange students, Rotary Peace Fellows, and participants of other Rotary programs).
  - Our club shows its appreciation of each member's unique contributions.
  - Our club retains at least 90% of its members each year.
  - At least 75% of our club members are involved in a hands-on service project, a leadership role, or other assigned roles.
  - A designated person checks and follows up on membership leads assigned to our club.
  - Member benefits are explained and promoted to new and continuing members.
  - Newer and seasoned members are paired for mentoring relationships.
  - We ask members to speak at meetings about their vocations or other topics of interest.
  - Our club has a membership committee whose chair and members are dedicated to attracting and engaging club members.
  - Members attend district events and seminars on Rotary topics that interest them.

## BUSINESS AND OPERATIONS

When your club runs smoothly, it's likely that you have good leaders who are thinking about the club's future. The leaders shape the club, and it's crucial to have skilled people in those leadership positions. For this reason, leadership development, strategic planning, and succession planning are also ways to fortify your club.

- Our club has a strategic plan that we update regularly.
- We set annual goals and enter them in Rotary Club Central.
- Our club strives for and often earns the Rotary Citation.
- Our club board meets at least quarterly to review our strategic plan, measure our progress toward goals, and adjust bylaws and other documents as needed.
- Our club board changes what isn't working well and updates club bylaws accordingly.
- We have a process for ensuring continuity that includes identifying future club leaders and preparing them for leadership positions, documenting procedures, and involving current, past, and future leaders in decisions.
- Our club president attends the presidents-elect training seminar (PETS), and club leaders attend the district training assembly.
- Club leaders use My Rotary or integrated club management software to conduct Rotary business.
- Our club elects incoming officers by 31 December and reports them to Rotary International no later than 1 February.
- Our club secretary reports new members within 30 days after they join.
- Our club sets and approves a budget for the upcoming Rotary year, designates a treasurer, and keeps separate bank accounts for administration and fundraising or project funds.
- Our club sets and achieves fundraising goals using a variety of fundraising activities.
- We ask our members to complete a member satisfaction survey each year and use the results to shape the club.
- More than half of our club's members have a My Rotary account.
- Our club has a club administration committee chair.

## WHAT'S NEXT?

Using the Club Health Check is the first step in becoming a healthier, more vibrant club. Take note of which areas had the most marks and which had the fewest. Look at the suggested remedies and take action. When you visit your doctor, you may get advice about maintaining your good health or possibly a prescription or two to combat an ailment. If you don't follow the advice or take the prescriptions, you aren't making the most of your visit. Similarly, to make the most of your club health check, use the suggested resources to treat your problem areas.

Paul Harris said, "May our happiness increase with our usefulness." As our communities and their needs change over time, clubs have to adapt to continue to be useful. Your efforts to make changes will recharge your members and keep your club fit and relevant.

# STRATEGIC PLANNING *Guide*

Using Rotary's Action Plan to improve the club experience and make meaningful, lasting change within your community

# ROTARY'S VISION STATEMENT

Together, we see a world where people unite and take action to create lasting change — across the globe, in our communities, and in ourselves.

## THE FOUR PRIORITIES

### INCREASE OUR IMPACT

Let's develop and implement the practices, capacity, and infrastructure we need to define, measure, track, and analyze data from our service projects in a more effective way.

#### In your club this might look like...

Develop service projects that reflect the needs of your community and are more effective.

### EXPAND OUR REACH

Let's share our values with new audiences, create ways to bring people together to experience the power of Rotary, and show that we're inclusive, engaging, compassionate, and ambitious about making change.

#### In your club this might look like...

Work with groups, organizations, and community leaders that you haven't partnered with before.

### ENHANCE PARTICIPANT ENGAGEMENT

Let's use every encounter as an opportunity to show people how getting involved with Rotary allows them to make a bigger difference in their communities and for causes they care about.

#### In your club this might look like...

Make all members feel like they have a role in the club and make sure that anyone who engages with your club feels empowered to share their ideas and get involved.

### INCREASE OUR ABILITY TO ADAPT

Let's create a culture of research, innovation, and willingness to take risks so we can learn, evolve, and better serve our communities.

#### In your club this might look like...

Ask members what your club should continue, start, or even stop doing to ensure that the club reflects the needs of its members and potential members.

## ABOUT THIS GUIDE

Just as a map guides people from where they are to their destination, a strategic plan that's based in action guides an organization to its goals and, ultimately, its strategic vision. Rotary's Action Plan, the long-term guide toward our vision of uniting people and taking action to create lasting change, was developed from what you and your fellow members want Rotary to be.

In the same way, strategic planning helps clubs move toward what members want from their Rotary experience. It acknowledges the challenges that clubs experience and addresses the underlying causes of those issues. It can also work as a guide to elevate participant experiences as well as their presence in communities. Our research has shown that clubs that develop and follow strategic plans are stronger than clubs that don't, with members who are more satisfied and who view their clubs and Rotary more positively overall.

This Strategic Planning Guide can help you set long-term priorities, using the framework of the Action Plan and time-based goals to support your club's strategic vision. This guide is designed for Rotary and Rotaract clubs, but districts may also find it useful.

# STRATEGIC PLANNING PROCESS OVERVIEW

<b>PHASE 1</b> <b>Determine your status:</b> How is your club doing now?	<b>PHASE 2</b> <b>Develop a vision:</b> What do you want your club to be like?	<b>PHASE 3</b> <b>Make a plan:</b> How can you achieve your vision?	<b>PHASE 4</b> <b>Track your progress:</b> How close are you to your goals?
<ul style="list-style-type: none"> <li>→ Identify significant issues to address.</li> <li>→ Determine your club's strengths and weaknesses.</li> <li>→ Identify opportunities and challenges in the community.</li> </ul>	<ul style="list-style-type: none"> <li>→ List several characteristics that you want your club to have.</li> <li>→ Think about what you want your club to be known for.</li> <li>→ Write a vision statement.</li> </ul>	<ul style="list-style-type: none"> <li>→ Identify the strategic priorities to focus on.</li> <li>→ Set your goals.</li> <li>→ List the action you'll take, your timeline, and the resources, such as financial support, that you'll need to succeed.</li> </ul>	<ul style="list-style-type: none"> <li>→ Monitor progress toward your goals.</li> <li>→ If you miss your targets, determine why.</li> <li>→ Adjust your strategic plans as needed.</li> </ul>

## GETTING STARTED

- Assemble a team made up of members with experience or an interest in strategy, as well as past, present, and incoming club leaders and committee members. This team will develop the strategic plan that reflects what members envision for the club's future.
- Choose someone to lead your strategic planning sessions. It could be a member who has experience in strategy, a club leader who is a skilled facilitator, or even an expert from the community.
- Get a variety of perspectives by involving club members who have diverse backgrounds and experiences.
- Make sure your club's vision statement aligns with Rotary's strategic vision.
- Use the Action Plan as a framework to develop your club's strategic plan.

**TIP** 

Asking community members to join in on your planning session is a great way to get diverse perspectives reflected in your plans.

## FACILITATION GUIDE

Strategic planning is an opportunity to get members involved! Consider using the facilitation guide along with this worksheet to lead a strategic planning session. Include any member who expresses interest in participating. Remember, the more diverse perspectives you involve, the better your plan will reflect what members want. This helps create a shared vision that members will want to achieve together.

# PHASE 1

## DETERMINE YOUR STATUS: HOW IS YOUR CLUB DOING NOW?

**Before you set your club's long-term goals, it's important to:**

- Identify any significant issues your club is experiencing
- Determine your club's strengths and weaknesses by gathering ideas from members and asking them what they're satisfied with and what they'd like to change
- Identify opportunities and challenges in the community by meeting with the leaders of other organizations or groups

## IDENTIFY OPPORTUNITIES OR SIGNIFICANT CHALLENGES YOUR CLUB IS EXPERIENCING

What are the critical issues or concerns that your club wants to address with this strategic plan?

**Ask members questions such as these to help you identify strategic issues:**

- What do members and participants want that our club does not currently provide?
- What does our community need that our club could address through service projects?
- If our club is not attracting a diverse group of members and keeping them engaged, why is that?
- Who are the community members that our club should be including in our club activities and why?
- What are some processes and procedures your club can stop doing?
- What are some new and innovative ideas the club can test, and how?

Reviewing your club's past strategic plans and using [Club Health Check](#) can give you direction.

### STRATEGIC ISSUES

Reviewing the strategic issues you just identified, categorize them by the priorities they align with. This will help your club focus your strategic plan. It may be balanced across all four priorities, or your club may focus on one or a few priorities.

IMPACT	REACH	ENGAGEMENT	ADAPTABILITY

## DETERMINE YOUR CLUB'S STRENGTHS AND WEAKNESSES

List what your club does well and what it could improve on, based on what members said.

### STRENGTHS

### WEAKNESSES

Use the member satisfaction survey in [Enhancing the Club Experience](#) to get insights from members to help determine your club's strengths and weaknesses.

## IDENTIFY OPPORTUNITIES AND CHALLENGES IN THE COMMUNITY

List opportunities in your community that your club can act on. Maybe it's adding members from a growing demographic group. Or mentoring entrepreneurs to help them develop their businesses. Also list the local challenges that your club can help address, such as unemployment or quality of education.

### OPPORTUNITIES

### CHALLENGES

# PHASE 2

## DEVELOP A VISION: WHAT DO YOU WANT YOUR CLUB TO BE LIKE?

In determining what you want your club to be, work with the strategic planning team to:

- Identify characteristics that you want your club to have
- Think about what you want your club to be known for
- Create a vision statement

### CLUB CHARACTERISTICS

Rotary’s vision statement calls on us to “unite and take action to create lasting change.” List five to seven characteristics you want your club to have within three to five years that will help realize that vision. Some examples might be service-oriented, fun, innovative, or representative of the community.

### CHARACTERISTICS

## WHAT DO YOU WANT YOUR CLUB TO BE KNOWN FOR?

Think about how you'd want someone to describe what your club does in the community. List what you'd like someone new in town to know that you do or what you want the legacy of your club to be.

Some examples might be that your club's tutoring program helps students go to college or that the club is part of a coalition that builds tiny homes for people who don't have permanent housing.

## CLUB VISION STATEMENT

A vision statement defines your desired future and provides direction toward what you want your club to be. Referring to the list of club characteristics and what you want your club to be known for, write a one-sentence vision statement with your strategic planning team.

### Consider these kinds of questions:

- What will our club be like in three to five years?
- What do we want to achieve?
- How will we know we've succeeded?

**TIP** 

Your vision statement should resonate with club members. One example: "Our vision is to be recognized as meaningfully supporting youth in our community."

## VISION STATEMENT

## PHASE 3

### MAKE A PLAN: HOW CAN YOU ACHIEVE YOUR VISION?

**Now it's time to develop a plan to focus your club's strategic priorities and achieve your goals. To do this:**

- Identify the strategic priorities your club is focusing on
- Set your goals
- List the actions you'll take, your timeline, and the resources, such as financial support, that you'll need to succeed

Goals are specific to the opportunities or significant challenges your club is working to address, and they should align with Rotary's strategic priorities. Working with your incoming leaders is also essential to ensuring the continuity of your multi-year goals.

In the chart below, list which priority (Impact, Reach, Engagement. Adapt) your goal is related to. Then list the goal, along with the action you'll take, the resources you'll need, and who will lead the effort to meet each goal. Set a timeline for each one. Strategic plans typically run on a 3-5 year cycle, please be sure to take club leadership changes into account.

#### **When you set your goals, consider:**

- Rotary's vision statement and the Action Plan
- Your club's strengths and weaknesses
- Your community's needs, opportunities, and challenges
- What your club's members and participants need and want
- What you can realistically achieve in three to five years

**TIP**  Effective goals clearly state *what*, *when*, *how*, and *who*. They are also measurable.

**LIST THE SPECIFICS**

PRIORITY (IMPACT, REACH, ENGAGEMENT, OR ADAPTABILITY)	GOAL	ACTION TO TAKE	RESOURCES NEEDED AND TIMELINE	WHO LEADS THE EFFORT

# PHASE 4 TRACK YOUR PROGRESS: HOW CLOSE ARE YOU TO YOUR GOALS?

## MONITOR YOUR PROGRESS

You'll need to track the progress toward your goals with the rest of the strategic planning team and suggest changes to the plan if needed. When new club leaders are named, discuss the strategic plan and your progress with them. Make sure they are familiar enough with the plan to suggest or understand if changes are necessary. If you're not making the progress you expected, you may want to try a new approach or allocate more resources toward your goals.

When you're monitoring your progress, consider using the questions in the table provided:

### GOAL MONITORING PLAN

HOW OFTEN SHOULD WE MEASURE PROGRESS TOWARD OUR GOALS?	
WHAT INDICATORS WILL WE MEASURE, AND WHAT IS OUR BASELINE?	
HOW SHOULD WE COMMUNICATE OUR PROGRESS TO CLUB MEMBERS?	
WHO SHOULD APPROVE CHANGES TO OUR PLANS OR GOALS?	

## REVIEW ANY GOALS YOU MISSED AND ADJUST THE PLAN

As you review the progress you've made, list your goals, including any goals that your club didn't meet and why it didn't. Determine what adjustments you need to make or what action to take.

### When you're identifying and listing your missed targets, ask:

- What goals did we meet?
- What goals didn't we meet?
- What are the main reasons that we didn't achieve some goals?
- What adjustments do we need to make to help us achieve those goals?

GOAL	DID WE ACHIEVE IT?	WHAT WENT WELL?	WHAT CAN WE IMPROVE UPON?	WHAT CAN WE DO DIFFERENTLY NEXT TIME?

Congratulations on creating a strategic plan for your club! Remember that this is an ongoing process, and that you can always revisit your plan and make changes if the circumstances warrant it.

# BE A VIBRANT CLUB

NORTH AMERICA

## YOUR CLUB LEADERSHIP PLAN

Rotary

## MEET OUR VIBRANT CLUB

Like many Rotary clubs in the United States, the Rotary Club of Rochester, Minnesota, struggled with a decline in meeting attendance and member engagement. Many of our younger working members struggled to balance the demands of career and family with a desire to serve. In addition, businesses and corporations are no longer as eager to pay membership costs, so expenses associated with Rotary have become personal expenses.

We started with a strategic planning session to improve our club's public image, increase membership, and boost member participation and attendance. As a result, we made several changes to become more innovative and flexible while maintaining our values of service, global reach, community, fun, and friendship.

# HOW WE DID IT

## We rewrote our values statement.

The updated language — which calls us “a service club of inspired individuals whose contributions improve lives in communities locally and worldwide” — unified our members, inspired prospective members, and generated interest in our community work.

## We introduced creative meeting formats.

Our club provides innovative and flexible, cost-free meeting options:

**Speed networking.** This helps our members build relationships and rapport.

**Service first Thursdays.** On the first Thursday of each month, we meet at the public library to clean books and prepare and inventory multimedia materials.

**1905 meetings.** Our 1905 meetings honor the early days of Rotary tradition. Like the first Rotarians, we meet in small groups. Members can participate remotely by meeting at designated locations closer to their workplaces. We use Facebook Live to tune in simultaneously to our club president for the first half of the meeting. For the second half, we break into small groups to discuss a video presentation on the theme of the month.

The varied formats increased member engagement in a way that wasn't possible with traditional meetings alone. Even former Rotarians started to re-engage. While our weekly attendance may be around 60 members per meeting, our real-time Facebook Live videos that broadcast our 1905 meetings and traditional meetings have generated over a thousand views.

Our experience has taught us that it is possible to make changes in the spirit of innovation and flexibility yet maintain Rotary values. We discovered that there are many fun ways to serve and promote fellowship with Rotarians.

## We relaxed attendance guidelines.

While we are committed to making our meetings more accessible to working members, we also wanted to continue regular meetings, because they foster the fellowship and camaraderie that our members enjoy. We revised guidelines to require only 50 percent attendance at the weekly meetings. Missed meetings can be made up at other Rotary meetings or by participating in a service activity.

# START YOUR CLUB ON A PATH TO VIBRANCY

Vibrant clubs engage their members, conduct meaningful projects, and try new ideas. List the new ideas your club wants to try, and create a plan to increase community interest and attract more members.

As you develop your plan, use these tips and ideas, and let your club evolve.

## Decide what you'd like your club to be like in three to five years.

- Plan an annual visioning session, and use the **Rotary Club Health Check** to identify your club's strengths and areas that need improvement.
- Use the **Strategic Planning Guide** to set long-term goals.

## Hold club meetings that keep members engaged and informed.

- Conduct the **Member Satisfaction Survey** to find out what your members like and don't like about your club, and create a plan for implementing changes.
- **Vary your meeting format** to include a mix of traditional and online meetings, service projects, and social gatherings.

## Prepare members for future roles to smooth leadership transitions.

- Ensure continuity by making appointments for multiple years, having a current, incoming, and past chair on each committee.
- Conduct on-the-job training for incoming club officers, and have job descriptions for each officer.

## Develop strong relationships within your club.

- Find suggestions in **Introducing New Members to Rotary**.
- Sit with different people at each meeting.

## Coach new and continuing members in leading.

- Appoint a club training committee to oversee training for members.
- Use the **Leadership in Action guide on starting a program** to develop members' leadership skills.

## Decide on your annual goals, and enter them into Rotary Club Central.

- Focus on something your club is good at, and make it something your club is great at.
- Update committees once a month on your goal progress.

## Communicate openly in your club.

- Share information at club meetings, on your club website, and through social media, and check regularly to see how members are feeling.
- Use the templates and resources in the Rotary **Brand Center** to create your club brochures and newsletters.

## Adapt your club's bylaws to reflect the way the club works.

- Involve your members when you review your club's bylaws every year.
- Edit the **Recommended Rotary Club Bylaws** template to reflect new practices and procedures.

## Make sure all members are involved in activities that genuinely interest them.

- Conduct a member-interest survey, and use the results to plan projects, activities, and engaging meetings.
- Get new members involved early by learning their interests and giving them a role in the club.

## Create practical committees for your club.

- Small clubs: Consider how you can combine the work of committees.
- Large clubs: Create additional committees to get all members involved.

Rotary

# THE ROTARY DIFFERENCE

Rotary is more than a service organization that's making a difference in your community.

We're an international membership organization made up of people who share a passion for and commitment to enhancing communities and improving lives across the world. The difference we make starts with our members.

# IMPACT ACROSS THE WORLD

2026 LSPETS Sequin Learning Facilitator Session

With more than **1.2 million members** in clubs in almost every country, **we are improving communities around the globe**. As a member of Rotary, you'll have opportunities to change lives locally *and* to connect with other clubs to work on **international projects that address today's most pressing humanitarian challenges**, including fighting disease, providing clean water, supporting education, and promoting peace.

**Our largest and proudest effort to date is our work to eradicate polio.** We initiated the audacious polio eradication campaign in 1979, by vaccinating children in the Philippines. **With the help of our partners, we have since reduced polio cases worldwide by 99.9 percent.**

## WE SEE DIFFERENTLY:

We are problem solvers working together to achieve a better world. Our members are deeply ingrained in the communities in which they live and serve, affording them insight into local challenges and access to the leaders, resources, and networking opportunities needed to strategize and take action to make lasting change.

## WE THINK DIFFERENTLY:

Rotary clubs reflect the diversity of our communities and the breadth of viewpoints that comes from our members' varied professional and personal experiences. For more than 100 years, we have been applying different perspectives to create innovative, sustainable solutions that address the needs and challenges affecting our communities.

## HOW ARE WE DIFFERENT?

## WE LEAD DIFFERENTLY:

As Rotary members we hold ourselves to the highest ethical standards. Community members, community leaders, and other organizations seek us out because they know they can trust us to be effective partners and deliver on our promises.

## OUR ACTIONS MAKE A DIFFERENCE:

Harnessing our unique perspectives and ideas gives us a shared purpose — one that compels us to take action. We roll up our sleeves, leverage our personal relationships with local partners and businesses, and apply our leadership skills as a way to get the job done and bring to life the changes we envision.

## IMPACT BEGINS WITH OUR LOCAL CLUBS

The impact our members make takes shape at Rotary club meetings and activities. These gatherings allow you to join other passionate, visionary women and men regularly to discuss and act upon community needs. Rotary club meetings are also a place to strengthen connections to friends and neighbors and form meaningful relationships that last a lifetime.

And just as Rotary helps you invest in your community, it gives you an opportunity to invest in yourself. Many clubs offer continuous learning opportunities, with a broad range of workshops, conferences, guest speakers, and more — all aimed at helping you grow personally and professionally.

# DESIGNING YOUR ROTARY EXPERIENCE

## GET INVOLVED IN WAYS THAT MATTER TO YOU

Rotary offers benefits for people of all ages and backgrounds. From learning more about the world to learning more about yourself, you can grow by engaging with Rotary's global network and the array of activities, programs, and interest groups that Rotary offers.

When you get involved in Rotary, whether as a Rotarian, Rotaractor, or program participant, you expand your perspective by honing your skills, learning from professionals, making new connections, and making a difference in your community and around the world.

We know that each member has a unique combination of interests, skills, and talents, and so each member will be attracted to different activities. This guide describes the options you can choose from to personalize your Rotary experience and get involved in ways that matter to you.

## MAKE CONNECTIONS

Rotary is a global community with 1.4 million Rotarians and Rotaractors from clubs in nearly every country. This means you can connect with others near home or across the globe. Here are some ways you can make connections through Rotary.

### + ATTEND CLUB MEETINGS AND EVENTS.

Introduce yourself to members in your club to get to know them better. Being genuinely interested in others shows people you value them, and these small interactions can lead to lasting friendships.

### + CREATE A MY ROTARY ACCOUNT.

When you register for a [My Rotary account](#) and create a profile, you can access Rotary's online tools and locate and connect with members near and far using the [Find a Member](#) tool.

### + ATTEND DISTRICT MEETINGS AND EVENTS.

Clubs are grouped into more than 500 districts worldwide. By connecting with other clubs and leaders in your district, you can learn how to get involved in Rotary beyond your club and make a greater impact.

### + GET INVOLVED WITH CLUB INITIATIVES.

Volunteering to take part in a project, attend a meeting, or serve in a club role, such as being on a [committee](#), will let you work with others in meaningful ways and contribute to your club's impact. You can also suggest speakers from [service and project partners](#) or from other organizations that share Rotary's values. Ask your club how you can help.

### + VISIT ANOTHER CLUB.

You can locate Rotary and Rotaract club meetings to attend using the [Find a Club](#) tool. You might think of ways to collaborate on club activities or hear of an idea you want to try with your club. Visiting other clubs fosters new connections and inspiration.

### + JOIN A ROTARY FELLOWSHIP.

Meet others with similar interests by joining a [Rotary Fellowship](#), an international group of people with a common hobby, identity, culture, or vocation. This is a fun way to make friends and explore a pastime or profession.

### + JOIN A ROTARY ACTION GROUP.

These include people around the world who have expertise and passion in a particular area, such as economic development, education, the environment, or safe water. Join a [Rotary Action Group](#) to share your knowledge, develop your skills, and make professional and personal connections.

### + PARTICIPATE IN A ROTARY FRIENDSHIP EXCHANGE.

Experience different cultures and build international understanding and friendships. This program for Rotary members and friends prioritizes cultural immersion, international service, or vocational exchanges. [Friendship Exchange](#) participants take turns hosting one another in their homes and clubs.

### + ATTEND A PROJECT FAIR.

Meet people with whom you can collaborate on international projects. [Project fairs](#) typically last two or three days and can include visits to project sites as well as opportunities to experience the local culture. These activities let visitors learn about the community and build long-lasting relationships with their hosts.

### + ATTEND THE CONVENTION.

The [Rotary International Convention](#) is held in a different international city each year. You'll meet members from around the world, learn how to expand our impact, and enjoy inspiring talks from global leaders, celebrities, and activists.

## PARTICIPATE IN MEANINGFUL SERVICE

Making a difference in the community is one of the top reasons people get involved in Rotary. We channel this commitment through five Avenues of Service — Club Service, Vocational Service, Community Service, International Service, and Youth Service. Here are some ways you can take part in meaningful service through Rotary.

### + SUPPORT YOUR CLUB.

You can help your club thrive by offering your expertise and skills through serving as a club officer, as a committee member, or in another role.

### + PARTICIPATE IN LOCAL SERVICE ACTIVITIES.

Find out what projects your club, neighboring clubs, and your district are working on and volunteer for one or more. Work with partners or conduct a community assessment to identify projects that would benefit your local area.

### + PARTICIPATE IN INTERNATIONAL PROJECTS.

Many clubs partner with clubs in other parts of the world to address a need in one of their communities. Together, they have more time and funding, as well as the expertise of members, partners, and Rotary program alumni to bring about sustainable, positive change. Find a project and get involved.

### + USE YOUR PROFESSIONAL EXPERTISE.

Many districts have a district resource network of local experts who can use their experience, technical knowledge, and project-planning skills to assist clubs in the design and implementation of meaningful projects. Contact your district international service chair to offer your skills to mentor clubs and improve communities.

### + SUPPORT AN INTERACT CLUB.

Interact clubs bring together people ages 12-18 to develop leadership skills while participating in service. If your club sponsors or co-sponsors an Interact club, you can help empower Interactors to make a difference in their communities and globally by supporting their service-learning projects.

### + PARTICIPATE IN ROTARY YOUTH LEADERSHIP AWARDS.

RYLA events provide opportunities to build leadership, communication, and problem-solving skills, while having fun and forming lasting friendships. Talk to your club and district leaders about getting involved by nominating participants or assisting event organizers.

### + WORK WITH A ROTARY COMMUNITY CORPS.

These groups of nonmembers partner with local Rotary and Rotaract clubs on service projects. By working with a Rotary Community Corps, you can build engagement in the area and make your projects more sustainable by positioning local leaders to pioneer change.

### + USE YOUR SKILLS WITH A ROTARY ACTION GROUP.

Use your professional skills to make a sustainable impact locally and globally through one of Rotary's more than 25 action groups. By leveraging people's expertise and our global network, Rotary Action Groups help clubs and districts plan and implement meaningful, large-scale humanitarian service projects.

### + APPLY FOR A GRANT.

If your project meets certain requirements, it might be eligible for funding from The Rotary Foundation. Explore the grant types and find one that's right for your project.

### + JOIN THE EFFORT TO ERADICATE POLIO.

Raise awareness about Rotary's work to end polio, donate to the PolioPlus Fund, or volunteer for a National Immunization Day. Post about polio on social media or include a link to endpolio.org in your email signature. Write to us to learn about upcoming trips for NIDs.

### + SUPPORT ROTARY'S CURRENT WORK.

You can do this by giving to The Rotary Foundation, which sustains thousands of projects in your community and around the world. The Foundation supports projects and programs that transform lives by addressing poverty, disease, conflict, and lack of education and water.

### + WELCOME A YOUTH EXCHANGE STUDENT.

If your district is certified to participate in [Rotary Youth Exchange](#), you can offer to host or help welcome a student from another country, learn about their culture, share your culture with them, and create a memorable learning experience.
