

CONROE NOON LIONS CLUB

WHO WE ARE • WHAT WE DO • HOW YOU CAN GET INVOLVED

Who We Are

- Founded in 1939 by 25 business leaders dedicated to improving our community, the Conroe Noon Lions Club has grown into one of the largest service clubs in America and is a beacon of service in the Conroe area.
- We are a group of hands-on volunteers who believe in kindness, generosity, and working together to achieve big goals.
- We meet every Wednesday at 12:00 PM at the Lone Star Convention Center, BUT... service is what counts, and that is always going on!

What We Do

Our service focus spans both local and global needs, which includes eight major causes: Vision, Diabetes, Hunger, Childhood Cancer, Youth, Disaster Relief, Environment and Humanitarian Efforts. 100% of charity donations go directly to grants and programs supporting our mission.

A few of our initiatives:

- Free vision screenings and eyeglass programs for children and underserved adults.
- Support for youth through our LEO Club (ages 12-18) that develops leadership skills and community service.
- Fund-raising and hands-on service events like our annual “kids on the lake” fishing tournament and school reading programs.
- Serving together gives us the opportunity to make a real difference, develop meaningful relationships, and have fun while doing so.

How You Can Get Involved

- Become a member - Joining the Conroe Noon Lions Club means more than membership, it means stepping into a team of people who serve, lead, and grow together.
- Explore service opportunities – Participate in events like vision screenings, youth programs, hunger relief initiatives, or fundraising projects.
- Be a Community Partner- Our partnership program serves as the foundation for all our community service and charitable initiatives. There is a commitment level with partner benefits for any budget!
