River Hills Lake Wylie Lions Club

Mr. Don Nowak

PO Box 5016

Lake Wylie, SC 29710

We are honored, Don and Friends at the River Hills/Lake Wylie Lions Club...

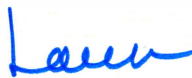

... by the faith you have placed in us with your grant of \$10,000.00 for the 2025 Childhood Cancer Safety Net. The children across York County whose lives are touched, perhaps saved, by your support would say thank you themselves. To each of them, you are a **partner** in their journey, and I am eager to express gratitude for your decision to advance our mission.

Cancer is the #1 disease killer of our children. With so few pediatric cancer treatment centers, any family would quickly feel the burden. Lost work and income, frequent or distant travel, homecare costs, etc. Beating cancer should not depend on whether a family has financial means.

With your help, we are working hard to reach more and more children and families in neighborhoods and communities across Clover, Rock Hill, and York. Those children will have the opportunity to ring the bell signifying their cancer is in remission. That would not be possible without your support.

Thank you for being invested in their journey and ensuring each child has access to the very best care they need and deserve.

Sincerely,

Laura Allen
Executive Director

Thank you!! It was great to visit with you. Your club is amazing and will make such a difference for our children.

Children's Cancer Partners provides resources, community, and compassion to children with cancer and their families.

Thank you and the Club for all you do and caring!!
