

The mission of the Lake Wylie/Clover Mayday Project is to provide financial aid and assistance to homeless and needy children and their families in York County. We partner with other local charities who come to Mayday when they have an unexpected or immediate need that may fall outside of their normal operating budget. We assess the need and are often able to meet it very quickly.

Mayday is 501(c)3 charitable organization.

6/24/25

Michelle,

On behalf of the Lake Wylie/Clover Mayday Project Board of Directors thank you for your most generous donation to our organization. The Lions have supported us for many years and allow us to support the homeless and needy children in York County. Thank you
Wayne Lynch
