The Housing Market Is BOOMING

Do you have the right
mortgage pro in your corner?

You may have heard that the housing market is hot right now. The truth is it has been for some time. Homes are flying off the market, but that doesn't mean you need to make hasty decisions if you're in the market for a new home. In fact, at times like these, it is even more important to make sure you're working with the right mortgage pro - one who can work quickly but who is also a true advocate for you and your financial interests. You want someone who can help you navigate the competitive waters and get you to the closing table on time. That is my commitment to you.

The housing market is on fire! Fairway can help you navigate it. Contact me today!

Mr. Eason got my roof covered by my insurance company, when I was originally denied!

Eason Roofing came out after a tree fell through my roof . We were devastated! They took care of everything.

Frank Eason is a local business man that still believes in a gentleman's Contract. He reroofed our home and did not collect a dime until completion and 100 % satisfaction!

After several contractors tried to find a leak, I was told by a friend to call Eason Roofing Company. Eason Roofing Company found the leak and repaired it! No problems since!
