

## **Bilingual Dental Assistant for Springhill Institution**

### **About the role:**

A Dental Assistant is needed to provide once weekly dental services at the Springhill Institution in Springhill, Nova Scotia.

In this role you will provide intra and extra-oral dental assistant duties, working chair side with a Dentist to provide restorative dental services to the inmates of the facility. Extractions, root canals and fillings will be regular services, as well as providing pain management relief and responding to dental injuries from trauma and long standing complex chronic dental health concerns. Health education and teaching will also be an important part of this role.

You will be responsible for preparing for patients treatments, sterilizing equipment, maintaining the schedule and monitoring the inventory of supplies.

### **The qualifications:**

- Licensed with the Provincial Dental Board of Nova Scotia. Not currently licensed in Nova Scotia? Calian may be able to support this – apply for more information!
- Bilingualism in French and English

### **Type of assignment:**

One year contract, clinics operate on Mondays, up to 50 clinics per year
