

Organize & Manage your Club and District's Committees

With this add-on module, clubs and districts now have the ability to **create, manage and store** all committee lists along with designated chairpersons, secretaries, and members.

Only accessible by member login, you now have a way to centralize all committee listings and communicate to members without switching screens!

Feature Highlights

The Committees Module comes in two versions, Standard and Enhanced. The Standard version is included in your ClubRunner subscription and allows you to:

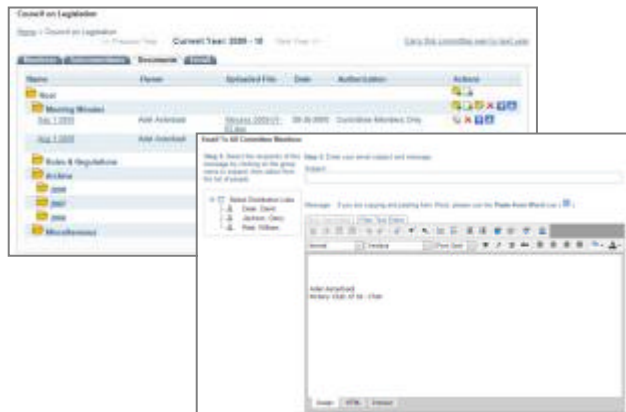

- ✓ Add a listing of all your club's yearly and standing committees
- ✓ View complete listings of all available committees
- ✓ View all contact information for committee members and

If you would like to organize and communicate more intensely with your committee members, upgrade to the Enhanced version. Districts receive the Enhanced version at no additional cost.

Enhanced Version

Once you upgrade to the Enhanced Committees Module* you will gain the ability to:

- ✓ Post documents for download
- ✓ Create and send emails to committee members
- ✓ Create unlimited levels of subcommittees

** This version is included with the subscription of the ClubRunner (district version).*

To create and manage your club or district's committees, you must have access to the Site Administrator functions (level 30 – club access) or to Communication Services (district access).
