SECTION TWO: TERMS AND CONDITIONS

2.1 – Scope

This agreement details the terms and condition under which the District will receive the ClubRunner service from Dorexess.

Under the terms of this agreement the District will be entitled to a web site that displays the District's stories, events, news and other services available.

The site contents and intended purpose is for District members to share and collaborate on District and club-related issues and events, and may not be expanded beyond the interest of the District and club activities.

The contents of the web site should be in line with the District's policies and practice and may not include any illegal or potentially offending material to the public. In addition, any content and/or graphics posted on the District's web site must adhere to copyright laws within the governing country or countries within the scope of the District. The District is fully responsible for any accusations made regarding copyright infringement and Dorexess relinquishes all liability and will not be occupied in any legal action for the content and/or graphics in question. Dorexess reserves the right to terminate this agreement at any time if the content, message or attitude of the District site is deemed controversial or offensive to the public. This decision is made at Dorexess' discretion. Dorexess will be free to do so without prior notice and/or explanation. In such case the District agrees that there will be no monetary refund of any prepaid fees for the subscription services.

The District will be entitled to a website accessed with an address as a subdirectory of the ClubRunner URL. For example, www.clubrunner.ca/7080. The District may register their own domain name at their expense and link to the ClubRunner site through Domain Forwarding. Each member of the District will have access rights to the Administrative Site, including a login name and password, which is maintained by the member or the District Site Administrator.

2.2 – Usage Guidelines

Email traffic, bandwidth and storage usage for the ClubRunner service is imposed to be within a reasonable limit, to prevent system interruptions and ensure optimal performance of all District databases for the entire ClubRunner network. These include the amount and sizes of uploaded documents and photos. Photos are compressed automatically to reduce space usage and maximize the total amount of photos accepted. District sites should display a reasonable amount of information on each page to promote frequent visits, resulting in best possible site traffic and an enhancement of the District's public image. These terms are in place to ensure acceptable response times for the ClubRunner service and to guarantee equal opportunity to the entire network of users. If the District exceeds the reasonable email traffic, bandwidth and storage boundaries recommended, the District will be sent a courtesy notice with suggestions on how to maximize web site performance.
