

# Discover **What's New** in ClubRunner!

Discover the latest features designed to improve member engagement, enhance communications and drive your club's success and growth.

**Email AI Assistant**  
Easily draft professional emails with our built-in AI writing assistant. Simply enter a few details about your message, and the AI will help you create polished, ready-to-send emails.

**Automated Email Campaigns**  
Set up email campaigns to celebrate milestone events such as birthdays, anniversaries and more. These automated campaigns help you celebrate your members year after year.

**QR Code Checkin for Events**  
Simplify event check-ins with QR code scanning! Attendees can scan their ticket on a mobile device or laptop upon arrival to automatically check in.

**Form Builder**  
Create your own custom forms right within ClubRunner! Whether it's for surveys, applications, or gathering information, it's easy to collect responses and export results.

**Mobile App Chat**  
Stay connected with your members using built-in chat and discussions. Start conversations and easily collaborate with your members in real time to keep everyone engaged.

**Zoom Integration**  
Bring your virtual events to life with Zoom connectivity. Link your Cloud events to Zoom meetings or webinars with registration data synced automatically.

# Powerful tools to connect, engage, and grow your club

Trusted by thousands of Rotary clubs and districts worldwide.

## Membership Management

Break free from the mold with a platform that supports your member types including honorary, corporate, satellite and more. Get a complete picture of your membership with custom fields and more.

## Contacts Module

Setup and manage non-member lists to track donors, sponsors, prospective members, alumni and more. Organize your lists with labels, categories and groups for effortless contact management.

## Rotary International Database Integration

Sync your member data, club officer changes and more with RI's database. Compare your member data between ClubRunner and RI to keep your data accurate. With True Sync, any changes made at Rotary also update

## Attendance Management

Effortlessly track meeting attendance and report makeups, exemptions and leaves of absence. Generate month-end engagement reports and easily report to your district for seamless data sharing.

## Online Payments and eCommerce

Collect both online and offline payments for dues, events and donations. With built-in reporting, easily keep track of paid and unpaid balances, and download dues transactions and summaries.

## Committees Management

Organize and manage all your club committees in one place. Post documents for download, create subcommittees and allow members to send targeted emails to one another.

## Volunteers Management

Create online sign-up sheets and make it easy for members and non-members to register for various tasks or responsibilities. Send reminders, run volunteer hour reports and keep track of who's doing what.

## Website Designer

Build a vibrant and modern Rotary branded website that showcases your impact to your community. Completely mobile responsive, easily publish pages, articles, photo albums, videos, documents and more.

## Dues & Billing

Generate customized invoices effortlessly to either print or email personalized bills and statements to members. Keep track of all transactions, including payments, debits, credits and account balances.

## Custom Reports

View and download reports to gain insight into your club. Get a breakdown by years of service, age, gender, birthdays and anniversaries, committee involvement, attendance and more.

## Email Message Center

Send personalized emails to recipients with stylized templates, custom signatures and mail-merge fields. Track delivery statistics and link click rates to gain valuable insight into audience engagement.

## Branded Newsletters

Create a customized professional club bulletin and easily email it to all members and prospects with one click. Keep everyone engaged and up-to-date with exciting reminders and announcements.

## Event Registrations

Plan, manage and promote your events with online registrations. Print name tags, send follow up emails and create forms to collect registrations from members and the public.

## ClubRunner Mobile App

Browse through your member directory, update your profile, register for events, read website stories and more. Stay current with the latest announcements through chat and group discussions.
